VOLUME 9. MARYVILLE, MISSOURI WEDNESDAY, APR. 16, 1919 NO. 268

TWO ARE SENTENCED

"RED" HENDERSON GIVEN THREE YEARS—DEMPSEY TWO YEARS

TO JEFF. CITY TONIGHT

Henderson Attempts Duplication of of Jail Break—Foiled by Arrival of Sheriff Dowden.

"Red" Henderson pleaded guilty to a charge of stealing fifty chickens before Judge Dawson in the Circuit Court this morning and was sentenced to three years in the State penitentiary at Jefferson City. Harry Dempsey also appeared before the court this morning and after entering a plea of guilty to a charge of stealing a hog, was sentenced to two years in prison. Sheriff Dowden will leave tonight for Jefferson City with the two prisoners in custody.

Henderson has been in trouble several times before and it is said that he has already served one sentence in the penitentiary. He was arrested last April 7, on complaint of Rolla N. Bancroft near Clearmont, and was chased over three miles by Howard Bancroft and William Crigger before he was finally captured by Mr. Crigger. He was lodged in the County jail and recently was one of the members of the group which made a spectacular escape from the jail.

When sentence was passed this morning by Judge Dawson, he made the announcement that both men could shorten their terms at the penitentiary by good conduct and behavior.

Since his escape over a week ago through a hole in the side of the jail wall, a close watch has been kept on Henderson by the sheriff, and he has been kept in one of the inner cells of the jail. This morning, however, he made another attempt at gaining his freedom. Sheriff Dowden had left the jail with Dempsey for the court house, and was almost out of the front door when he had occasion to return to the cell room. There he found "Red" with a heavy piece of timber, attempting to pry open the door.

When arraigned in court this morning, Henderson alleged that he had paid for a part of the chickens and that he had won the other share in a "crap" game.

Prosecuting Attorney McCaffrey accompanied Sheriff Dowden to Jefferson City this afternoon with Henderson and Dempsey.

TAX LEVY FOR TOWNSHIP

10 Cents for Township Expenses and 25 Cents for Road and Bridge Purposes Made.

The township board in session this afternoon made the tax levy for this year's taxes. They figure it will take $15,000 to defray the township expenses and a 10 cent levy on the $100 assessed valuation for this purpose and a 25 cent levy for road and bridge purposes were made. This is the same levy as heretofore.

The new township tractor purchased last week is here and was unloaded today.

PASSES REDISTRICTING BILL

Gentry and Worth Counties Would Be Added to the Fourth and Plattte County Taken Out.

Jefferson City, April 16.—The redistricting bills were passed by the House of Representatives last night. These bills will now go to the Senate.

According to the provisions of the congressional bill, Worth and Gentry counties would be added to the congressional district Nodaway county is in and Platte County would be taken out.

Spoke at Normal School Assembly.

G. L. Wilfley, head of the Farmers Trust Company, and recently elected president of the Commercial Club, spoke at the annual student assembly at the State Normal Shcool yesterday morning on the "Origin and History of the Banking Business."

In his talk Mr. Wilfley gave a detailed description of the development of the present banking system in the United States.

FIRST VICTORY LOAN MEET

Executive Committee to Hold Initial Session Here Friday.—Headquarters in This City.

Charles E. Donlin, chairman of the Victory Loan Committee, has called a meeting of the executive committee for 1 o'clock Friday afternoon at the Commercial Club rooms in this city. Frazer L. Ford of St. Joseph, district chairman of this district will be present and also O. P. Newberry, representing the Federal Reserve Bank of Kansas City will be in attendance.

The members of the executive committee have not yet been announced by Dr. Donlin.

George A. Pickens, secretary of the Commercial Club, announced today that Chairman Donlin has selected the Commercial Club rooms in this city as the headquarters of the drive for Nodaway county.

Financial men declare the new issue to be the most attractive government investment ever offered the people. One banker said yesterday, "The new bonds furnish an opportunity for people to start a savings account with the strongest institution in the world, the United States, and at the same time draw 4 3-4 per cent interest. If any sounder, safer or more satisfactory method of saving money exists, I'd like to know what it is."

Banks are advising the government's payment plan to the public. This plan calls for payment in full on or before May 20, or 10 per cent with application or or before May 10; 10 per cent July 15, 20 per cent August 12, 20 per cent October 7 and the final payment of 20 per cent November 11, with accrued interest on deferred payments.

By paying as above the banks will not be called on for money which will be needed in moving crops and holding up other commercial pursuits. It will keep funds at home where they can be used for the benefit of commercial activities.

MANY GOOD BILLS

FOR IMPROVING FARM LIFE CONDITIONS UP AT JEFFERSON CITY

SOME OF THEM WILL PASS

Judge James of Andrew County Writes Efforts Should Be Made to See That Bills Are Adopted.

Judge W. K. James of Andrew county writes as follows of the various bills now before the State Legislature for improving conditions of farm life:

Much good legislation for improving conditions of farm life in Missouri is about to be consummated at Jefferson City.

Somewhat extended notice of some of the bills have been given but a brief outline is now added:

H. B. 719 is in constitutional form, enabling County Courts to make appropriations for County Agents.

Committee Subsitute for S. B. 433 is known as the Seed Bill and affords protection to Missouri farmers from inferior seed shipped from other states having laws against bad seed.

Bureau of Markets Bill (H. B. 651) empowers State Board of Agriculture to administer a Bureau that shall investigate the marketing of farm products, advise and assist producer and consumer in economical methods of marketing, gather and diffuse information regarding supply, demand, prices and movement of farm products and generally to cooperate with Federal Government and Agricultural College in such matters. Committee Substitute for H. B. 845 provides for Missouri farmers forming Cooperative Associations that have proved so satisfactory in adjoining and neighboring states already having such laws. H. B. 759 is known as the Statistical Law and requires assessors to get data of Crop Acreages, Yields, Live Stock and other Rural Life Statistics.

County Fair Bill (H. B. 930) provides for state aid of 30 per cent of first $1,000 in premiums and also of 30 per cent of premiums in excess of $1,000 if county also appropriates like 30 per cent of such excess.

Hay Inspection Bill H. B. 199.

Children's Code Bills recommended by House and Senate Committees; New Road Bill (Commitee Substitute for H. B. 772 to 884.) which widens scope of the Hawes Bill and permits more general distribution of Federal and State aid in construction of roads in all counties of the state.

H. B. 871 is called County Unit School Bill, whose provisions have been given

BOY SCOUTS TO AID

CAMPAIGN INAUGURATED LAST NIGHT FOR "CLEAN-UP" WEEK

SUGGESTED BY HOLDEN

Commercial Club Will Give Support to Plan—Offers Cash Prizes to Workers.

Prof. P. G. Holden, who is making a study of the system of vitalized agriculture taught in the Nodaway county schools, spoke before a meeting of the Boy Scout organization last night following the dinner at the Bainum, and as a result of his address, a new organization has been formed among the boys to help in the "clean-up" campaign, and also in the elimination of the house-fly, and other well known carriers of disease. The support of the Commercial Club to the movement was shown by the offering of three cash prizes by Secretary Pickens, totaling $10, for the boys who do the best work in the campaign.

Prof. Holden's talk to the boys was of an informal nature, in which he gathered his audience about him and held a heart to heart discussion and frequently called upon his hearers to answer questions. Prof. Holden related instances from his own boyhood days and impressed upon the youngsters the great idea of "self will" and "slf control." "Every boy in this room can be somebody and make his mark in the world," he said, "if he sets a certain standard for himself and continually strives for that standard."

He then told of the work which the Boy Scouts can do in the betterment of the community, and urged upon the members the importance of making their town clean. He spoke of the present "clean-up" campaign which has been proclaimed by the Mayor, and offered to help the work by lending charts and slides, which illustrate the proper means of eliminating the house-fly, this insect he said being one of the greatest carriers of disease of the present time.

At the suggestion of Prof. Holden, the work of combatting the fly, through the clearing up of manure piles and other breeding places for the insect, was inagurated, and three prizes totaling $10, was offered by George Pickens, secretary of the Commercial Club, for the Boy Scouts who do the most efficient work in the "clean-up."

Superintendent of public schools, J. M. McDonald, and Bert Cooper, head of the County organization, both made short talks in which they announced that the work of the campaign would start immediately and asked the cooperation of the boys in making it a success.

Prof. Holden told of similar campaigns made by the children of Chicago and other large cities, and spoke of the wonderful results which were accomplished in the fight against disease.

Prof. Holden made a tour of the county this morning in which he continued his study of the agricultural system in Nodaway county. He etuned to Maryville late this afternoon, and will leave tonight for Indianapolis, Ind.

ARE TO GET IMCREASED PAY

Governor Gardner Approves Salary Bill of Circuit Judges, Raising Their Salary $1,500.

Judge John M. Dawson returned last night from Jefferson City, where he was called by Governor Gardner to discuss the merits of the house bill, now in the hands of the chief executive, increasing the salaries of thirty-two judges in various parts of the state from $3,200 to $4,700.

Governor Gardner last night signed the bill on the ground that the increase is not too much for any man qualified to be a circuit judge. The only hesitancy the governor has in signing the bill is a fear that the legislature will not appropriate enough revenue to meet the demands of the state government and that he may have to pare down many appropriations to make both ends meet.

The only circuit judges not affected by the bill are those in Kansas City, St. Louis, St. Joseph, Jasper, Greene and St. Louis counties.

Spend Easter Here.

Mrs. Paul H. Sawyers and son, Paul Harold of St. Joseph, arrived in Maryville yesterday to visit until after Easter with Mrs. Sawyers' parents, Mr. and Mrs. J. F. Roelofson. Mr. Sawyers will join his family here Saturday.

MRS. THOMAS IS CHAIRMAN

Mrs. D. J. Thomas has been appointed chairman of the Women's committee of the Victory Liberty loan campaign for Nodaway county.

Mrs. Thomas' appointment came through Mrs. Albert Bates of Kansas City, state chairman of the Missouri women organization. Mrs. Thomas will at once appoint her sub committees and associate workers and start the work. All over the country the women have been organized for this campaign and are doing everything to boost the loan.

ADDRESS BY HOLDEN

NOTED EDUCATOR GUEST OF THE COMMERCIAL CLUB LAST NIGHT

"KEEP MOVING"---ADVICE

Speaks of Plans for Development of Maryville—Urges Meeting of the Farmer Half Way.

Twenty-three members of the Commercial Club and business men of Maryville attended the dinner given in honor of Prof. P. G. Holden of Chicago, last night at the Bainum.

Prof. Holden is the national representative of the Educational Department of the International Harvester Company and stated at the dinner last night that he was sent to Maryville and Nodaway county by the state of South Dakota to investigate the system of agriculture taught in the rural schools of this county with a view to applying these principles in the rural schools in that state.

"No other state has done so much in rural schools," said Prof. Holden, "as Missouri, and I am not saying it in the spirit of flattery, for I am here for another purpose. I did not come to talk but to see and learn of the things being done in your county for agriculture in the rural schools.

"As I go about from place to place endeavoring to spread the gospel of agriculture and better farms and better homes, I now and then come across a type of fellow who says that he hasn't time to bother with these new fangled ideas. Then I invariably ask him if he has any children and if they are worth bothering about. To which he answers that they are. Then I seek to impress upon his mind that anything worth having is worth bothering about. The first thing that ought to bother us most is humanity. We ought to interest ourselves in interesting humanity to produce better food and better places in which to live.

"One of the best ways in which to build up your town is to meet the farmer half way and better and when you give him any benefits give it without any strings attached to it. Because when you give without strings you are always more than repaid. But when you give with strings the good returns are dead before the gift is made.

"Another way to build a better town is to interest the boys in doing somethings worth while. You ought to have a Junior Commercial Club in this town. You fathers in business give your boy a share of stock in your company and teach him the principles of business. Don't repress him but give him a chance to develop his energies in right channels.

"Keep away from the idea that when you reach a certain age that your are going to retire and take things easy. When you reach that age you will become dissatisfied anl find that it is worthless. Keep going until you quit—that is when you are dead. The retired farmer moves to town to die cheap. He votes against any improvements that will build up the town. He is against any improvements in a town that requires the expenditure of money and thus puts your town on the standstill. Keep moving. Don't become satisfied with your present lot."

Prof. Holden said he was pleased with our mayor's proclamation—especially the thought of "own-your-own home" slogan. He pointed out that the chief cause of Russia's fall was because the bulk of the people did not own their own homes. On the other hand 80 per cent of the French people owned their homes and were willing to die to maintain them. He said the real test of a patriot is now. "The need of patriots is now because society and governments are reshaping themselves," he said, "and a country without staunch patriots at such a time as this threatens itself upon the rocks of disaster."

ELECTS CLUB HEAD

MRS. ARTHUR ALLEN BREWER PRESIDENT OF 20TH CENTURY

BEGIN FOURTEENTH YEAR

Shakespeare Department Will Change to Study of Drama—Club Presents $50 to Scholarship Fund.

Mrs. Arthur Allen Brewer was elected president of the Twentieth Century club, at a meeting held yesterday afternoon at the Elks club for the purpose of choosing the club heads for the coming year.

The other executive officers chosen were Mrs. M. J. Alderman, first vice president, Mrs. J. C. Allender, second vice president, Mrs. C. C. Hellmers, recording secretary, Mrs. C. D. Bellows, corresponding secretary, Mrs. L. G. Crossan, treasurer, Mrs. W. O. Garrett, custodian and Ms. G. B. Holmes auditor.

An important feature of the session was the decision of the club to give $50 to the Phoebe J. Ess scolarship loan fund. The purpose and work of the fund was fully explained by Mrs. M. G. Tate. This fund, called after Mrs. Henry N. Ess of Kansas City, was introduced into the state federation at the Springfield convention in 1909 and it is a work of which every club woman in the state is justly proud. The work is state wide and it provides a fund for Missouri girls who need financial help to secure a higher education. It is loaned free from interest and is paid back by the girl when she becomes self supporting. Mrs. Tate made an excellent talk and told of her acquaintance with one girl who had received help, and of what an inestimable benefit it was to her.

Mrs. Tate is president of the first district and a member of the state executive board and is a delegate to the bi-ennial convention at St. Louis which opens May 6, and she will have the pleasure of presenting the Maryville club women's gift at this convention.

New Members Received

Five new members were received yesterday, Mrs. S. E. Dadis, reinstated, Mrs. G. B. Holmes, Jr., Mrs. E. B. Wood ward, Mrs. R. H. Duncan and Miss Mary Edna Guinn.

The club is starting in the fourteenth year of its existence and the coming season is one of the most significant because of the new work planned and also the resumption of many activities which have been held back during the war period. The Shakespeare department will change from its study of the writings of Shakespeare to the study of dramas and the program as planned is one intensely interesting.

To Study Drama.

The dramas to be studied are "Strife" Galsworthy; "What Every Woman Knows," Barrie; "The Witching Hour," Augustus Thomas; "A Maker of Dreams" Jerome; and the dramatic side of "Madame Butterfly." The season's study will open with a lecture on "Hamlet" and the club will present two playlets during the year "The Rise of Jennie Smith," the prize winning play of the Drama League of America, given in January, and "The Pierrot of the Minute" to be given in April. The officers of the Shakespeare department are Mrs. D. J. Thomas, chairman, Mrs. Lawrence Ogden, vice chairman and Mrs. Elmer Fraser secretary-treasurer. The Tourist division will continue their study of "South America" which will be the second year's programs on this topic.

To Give Benefit Movie.

The Arts and Craft department will continue reed work this year. The officers for this and the Tourist departments will be elected at the next department meeting. The installation of the new officers takes place on May 16. Mrs. Brewer as president succeeds Mrs. Lawrence Belden Ogden, who was elected to the place as Miss Ruth Montgomery and her marriage to Mr. Ogden took place shortly after the reassembling of the club last fall.

The club is arranging for amovie presentation to be given some time the last of the month for the benefit of the scholarship fund.

FURNISH CLUB ROOMS

Fred P. Robinson Presents Billard Table to Methodist Young Meen.

The rooms of the Young Men's club of the First Methodist church are being fitted up this week ready for occupancy. The rooms are on the floor above the Aldermaan-Yehle store on West Third street.

F. P. Robinson has presented the club with a billard table which was placed in the rooms yesterday.

SCHOOLS REMAIN SEPARATE

Arbitration Committee Decides Against Consolidation of Elmo and Cottonwood Districts.

An arbitration committee composed of L. C. Cook, Lawrence Frazee, Prof. G. H. Colbert and Albert Watson, which was selected by Superintendent of County Schools Bert Cooper to decide whether or not the Elmo and Cottonwood school districts should consolidate, decided late yesterday afternoon that the two districts should remain separate.

At the annual school election held April 1, the matter was brought to a vote in the two districts. At Elmo it was voted to annex the Cottonwood district, while at the latter place the voters decided that they did not want the consolidation. Considerable controversy resulted over the question, with the subsequent hearing yesterday before the arbitration committee.

BARNARD H. S. EXERCISES

Dr. Cox of Maryville, to Give the Class Day Address—Baccalaureate Sermon Sunday Night.

Dr. G. S. Cox of this city, will give the commencement address to the graduating class of the Barnard high school next Wednesday evening, April 23. The program of the exercises of the Barnard high school was announced today by Superintendent C. F. Ross of the schools of that town.

The Baccalaureate sermon will be preached by the Rev. W. M. Wetzel pastor of the Barnard M. E. Church, South, at the M. E. Church, North, Sunday night.

The class play will be given at the opera house Friday night, April 18. The title of it is Professor Pepp.

The class day program and commencement will be combined into one program which will be held at the opera house on next Wednesday night. The following is the program for that night:

Music—Orchestra.
March—Mrs. Claude Roelofson.
Invocation.
Salutatory—Wilber Williams.
Oration—"Tousaint L' Overture," Claude Thompson.
Vocal Solo—Mrs. R. L. Bridges.
Class Will—Mary Rasco.
Song—Double Quartet.
Class Prophecy—Mildred Barnes.
Oration—"A Tribute to Our Honored Dead," Jesse Kling.
Valedictory—Dale Goforth.
Class Address—Rev. Gilbert S. Cox.
Presentation of Diplomas—Dr. M. M. Pollard, president of School Board.
Music, Orchestra.
Benediction.

Barnard is working upon a plan whereby they may add to their present course of high school work another year, thus making them a first class high school. Prof. C. F. Ross has been re-elected to head the schools for the next year.

THE ALLIES BOMBARD ODESSA

National Strike Threatened in Denmark After Easter—Reign of Anarchy Continues in Munich.

London, April 16.—An Allied fleet is bombarding Odessa, sand an Exchange Telegraph of Athens dispatch today.

London, April 16.—A national strike is threatened in Denmark after Easter according to an Exchange Telegraph Copenhagen dispatch.

Copenhagen, April 16.—The government troops are bombarding the railway station in which a number of armed Spartacides are barricaded. The reign of anarchy continues in Munich, and there is much looting. Many armed citizens have been killed by the Spartacides.

TO RAILROAD MEETING

W. E. Goforth Summoned to Burlington Official Conference.

W. E. Goforth, agent of the Burlington in this city was called to Creston, Ia., today to attend a conference of Burlington officials and agents of the Creston branch.

TREATY NEXT WEEK

LLOYD GEORGE SAYS POWERS HAVE COMPLETE UNDERSTANDING

THE PERILS STILL REMAIN

Italy Threatens to Secede From Conference if Fiume Demands Are Refused by Associated Powers.

Paris, April 16.—An invitation to the Germans to the inter-peace conference was written by President Wilson and dispatched to Weimar last night.

London, April 16.—"The representatives of the great powers have arrived at a complete understanding on the fundamental questio nof peace and by the end of next week, I hope the treaty will be presented to Germany," said Premier Lloyd George addressing the House of Commons this afternoon.

"We are faced with a complete break-up of the three ancient empires—Russia, Turkey, and Austria" said the Premier," ten new states have been born and the boundaries of fourteen have been recast, every continent has been effected. The world would like a rest but the journey is not yet ended. There are still perils. The premier referred to the difficulties arising in the smaller states saying that they nearly produced inter-Allied conflicts. "It is untrue that the United States and Europe are at variance" continued the Premier. They unanimously decided not to publish the terms before they were discussed. I would rather have a good pence than a good press. I would rather leave Russia to the Bolsheviki until we see our way out, than see Great Britain in bankruptcy" he continued. it would be easy to invade but difficult to conquer. This house would be surprised to learn the number of men necessary for intervention—it would be the greatest act of stupidity." The Premier openly spoke with Lord Northcliffe, in his speech attacking the newspaper proprietor and accused him of being afflicted with the disease of vanity.

Paris, April 16.—Premier Orlando of Italy in discussing the Adriatic claims with President Wilson told the latter the situation in Italy is such that his government would be overturned immediately unless Italy gets Fiume. The Italian government at Rome would be succeeded by one which would make cession of Fiume its chief policy, according to Orlando.

The Italians are standing firm on the past of London and are demanding that the British keep their pledge made in that document.

It is reported the Italians will ask permission to retire from the conference to make their own peace with Austria if Allies and associated powers vote to down the demand for Fiume.

The Adriatic situation is rapidly becoming as complicated as the French-Rhine claims. The Italians are greatly worked up over opposition to their claims.

Amsterdam, April 16.—There was a defiant note in the message which President Ebert of Germany has just addressed to the National Assembly at Weimar, according to extracts of it received here today from Berlin. The President approved the pronouncements of assemblymen for a "peace of conciliation" and the rejection of any treaty sacrificing German interests.

K. C. BANK ROBBED OF $800.

Kansas City, April 16.—A lone bandit robbed the Southwest Bank, at Thirty-first and Prospect streets, here this afternoon and escaped with eight hundred dollars in cash.

C. W. Butler was called to LaHarpe, Ill., yesterday by the serious illness of his mother, Mrs. Harriett Sears.

DID HER A WORLD OF GOOD, SHE SAYS

Mrs. Moore Was So Weak She Could Hardly Get up—Health Restored by Tanlac.

"I feel so well now that I can hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore, of 943 S. Wellington street, Memphis, Tenn.

"I had been in a rundown condition for two years," she continued, and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so lifeless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headaches that would almost drive me distracted.

"My appetite picked up on my first bottle of Tanlac and I am now eating three hearty meals a day, those awful headaches are gone and I am feeling just fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, oneception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley.—Adv.

MANY HOUSE BILLS REMAIN

600 Bills Not Yet Acted Upon—Resolution Adopted Limiting Debate to 30 Minutes.

Jefferson City, April 16.—Senate and house have begun a race against time to act on nearly 600 bills that are now on the calendar of the two chambers awaiting final passage and which must be passed by April 18. There are 274 of these bills in the house and 328 in the senate. Under a rule adopted by both houses neither will consider bills from the other house after April 18.

This leaves three days in which to consider and pass 600 bills. Even if the two houses met day and night and transacted no other business it could not be done. Fifteen bills a day is about the limit.

Neither house kept its schedule last week, in spite of the fact that the house held a session every night. The senate disregarded conditions and adjourned from Friday until Monday afternoon.

The legislature can not possibly conclude its session before May 15, and even then scores of bills must remain unacted on.

The house calendar shows besides 301 bills awaiting final passage, in the house, forty-six awaiting engrossment, of those awaiting final passage, 27 are senate bills. There are sixty-five house bills in the senate awaiting final passage, 217 awaiting engrossment, twenty awaiting second reading and fourteen awaiting first reading.

The house, on motion of Republican Floor Leader Dyott, has adopted a resolution to limit debate on all bills up for final passage to thirty minutes. The five-minute rule will be enforced against each speaker.

MANY GOOD BILLS

(Continued from page 1)

before. Its main features are first, all property throughout the county, outside of cities and towns, is assessed at the same rate; and, second, is administered by a County Board of Education of five persons elected by the people at the county school election in April from a list of persons nominated by different municipal townships by petition of majority of voters in the respective townships; only one member of the Board can be chosen from any one township. Local school districts are much larger than as now provided and have more than one school house—school houses are under control of the District Directors. The County Superintendent and all teachers are apointed by the County School Board.

H. B. 991 is the County Free Library Bill which was noticed at length in Circular No. 3.

Most of these bills have passed the House and gone to the Senate.

It is impossible in a few words to describe how active certain business interests have become in oposing this legislation by trying to make it appear to the members of the senate that there is no large sentiment back of these bills. Action in the next few days is necessary. It is hoped that all persons reading these circulars and interested in any of the bills that have been reported in previous circulars will busy themselves immediately by taking whatever measures deemed advisable to make an impression upon the members of the senate that the farmers of the State are really backing these bills.

Resolutions by those county farm bureaus that have not already sent in resolutions; letters by Presidents of County Farm Bureaus of Officers in similar Associations in the counties, addressed to the Farm Bureau Legislative Agent at Jefferson City or to Hon. George W. Glick, Chairman of the Agricultural Committee of the Senate, or Hon. W. Joe Allee, Chairman of the Agricultural Committee of the House of Representatives; or letters from leading stock raisers or prominent farmers in any part of the State addressed to the Farm Bureau Legislative Agent or the Chairman of one of these Agricultural Committees; favorable notice of these bills in county newspapers, emphasizing how important their passage is in promoting the agricultural interests of the State; or other means of impressing the members of the Senate of the desirability that these bills shall become laws—such measures of influencing the Senate, that that body may be convinced that these bills are really backed by the intelligent and progressive sentiment of the country generally, are highly important and should be resorted to at once. These communications will be laid before the Agricultural Committee of the Senate or other senators interested in agricultural matters, so that when the Business Interests make their fight the Senate will be duly informed of what is the real sentiment of the farming people.

About two thousand bills have been introduced in the Legislature and it is easily appreciated by any one that there must be great confusion in the latter part of the session in the final scramble of many legislators to have their own individual bills enacted into laws. It is therefore highly important that the evidence should be strong and unequivocal in the hands of competent friends when these different measures are brought up for final decision. If the bills recommended by the Executive Committee of the Missouri Farm Bureau Association and many other associations of farmers in the state, are enacted into law, it will be the biggest boost for country life that Missouri has witnessed for many, many years. One canot be too earnest in his appeal that all persons interested in these measures shall act promptly in writing pointedly and emphatically along the lines above suggested.

Never have so many representatives of the farm life been in the legislature working in concert and with so much intelligence for improved legislation. What is now especially needed, is that their efforts in the legislature should have strong backing from their constituents throughout the state. When the senate is convinced that the large vote in the house in favor of these measures was representative of the strong sentiment at home throughout the state, there will be no doubt of the senate passing these bills. The members of that body are desirous of passing the laws they believe the people really want.

Respectfully submitted,
W. K. JAMES.

INVEST INTEREST IN STAMPS.

Return on Fourth Liberty Bonds Would Yield 30 Million by 1924.

Washington, April 16.—Re-investment in war savings stamps of the 150 million dollars which holders of the fourth Liberty Loan bonds will receive today as interest, has been urged by the savings division of the Treasury. It was pointed out that if this sum were invested in war savings stamps at once it would be redeemable in 1924 at a profit to investors of more than 30 million dollars.

500 Dentists Attend State Meet.

St. Louis, April 16.—Five hundred dentists are attending the fifty-fourth annual meeting of the Missouri State Dental Association, here which convened monday. The meeting will adjourn today.

Several prominent speakers, including Mayor Kiel and John W. Withers, superintendent of education of the St. Louis public schools, spoke at the opening meeting.

Guests at Stiwalts.

G. R. Lollin of Wantaca, Wis., is visiting in Maryville with his daughter, Mrs. W. W. Stiwalt and family. Mr. Lollin is accompanied by his grandson, Robert Saxton.

Send Flowers for Easter

Our Potted Plant Specialty for this Easter is a lot of about 1500 Geraniums, beautiful white, salmon, red and pinks in bloom, just right for Easter. Large Plants $1.00 to $2.50 each. Regular 4 inch pots 25c each. Use the geraniums over Easter and later plant them out in the flower beds or porch boxes, etc. Geraniums are the economical flower to purchase for your Easter plants. We also have a nice selection of Tulips, Daffodils, Hyacinths, Hydranges, Lillies, Ferns, etc., without which no Easter would be complete and which also make such appropriate gifts. In fresh cut flowers our Easter preparations include the choicest roses, carnations, tulips, daffodils, lillies, Sweet Peas, Snapdragon, etc., and nothing is more appropriate at Easter time than a box of these nice flowers in appropriate assortment. Boxes of Easter flowers from $1.00 up. No extra charges for Easter cards. Prompt delivery, etc. As members of the florists Telegraph Delivery Association, we can guarantee prompt deliveries of fresh flowers most anywhere in the U. S. and Canada, at no extra charge excepting telegram or phone. If it is a message of love, sympathy, appreciation, or an Easter Greeting "Say it With Flowers."

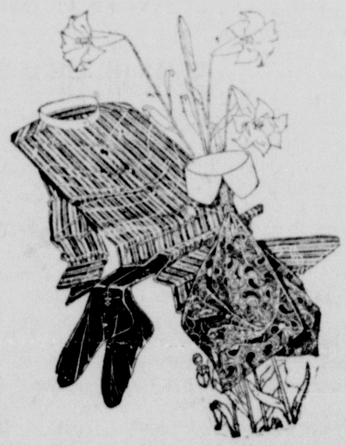
STYLE HEADQUARTERS
Where Society Brand Clothes are sold

Easter Clothes

Society Brand Clothes

Men who once wear our clothes are never completely satisfied with anything else. Because, there is the snappy up-to-date style, the splendid quality and the beautiful tailoring that are always characteristic of SOCIETY BRAND Suits.



High-grade shirts for Spring. Featuring only the quality product of the leading shirt makers of America.

An extensive and varied exhibition of fine shirts, and they are splendid values. Other furnishings, also, for the good dresser.

Spring Suits

THE new Spring styles have taken possession in our Clothing Department and the fellows have apparently been on the lookout for them. That they have not been disappointed is very evident in the enthusiasm with which the new models have been received.

IT'S not surprising, either, for there is something unusually attractive about the new fabrics in their tones of blue, green and brown, and while it is different, there is an equally strong appeal in the new fancy suits in tans, brown mixtures, green effects and grays.

Spring Suits
WAIST LINE STYLES
$18.50 to $45

Spring Hats

Quality is the first thing we want to call attention to in talking of Spring hats.

New felts—in gray, green, and shades of brown as well as the new Spring derbies.

Splendidly large assortment.

$3.00 to $6.50

SOCIETY and CLUBLAND

By KATE SCHENCK
PHONES—OFFICE 42. HOME 683

Royal Neighbors Meet Postponed.

The regular meeting of the Royal Neighbors lodge which was to have been held tomorrow afternoon has been postponed until Thursday afternoon of next week.

Entertains Bridge Club.

Mrs. Oliver K. Bovard entertained the Wednesday Afternoon Bridge club this afternoon at her home on West First street. Mrs. S. S. Oakford of St. Joseph, the house guest of Mrs. D. J. Thomas, was a complimentary guest of the afternoon.

"B. I. L.'s" to Entertain in P. E. O.'s.

The "B. I. L." meaning the husbands and friends of the members of the P. E. O. chapter are to entertain the chapter with a banquet at 7 o'clock Friday night at the Linville Hotel. The entertainment feature to follow the dinner is being kept a secret.

Entertains Old Friend at Dinner.

Mayor W. O. Garrett and Mrs. Garrett gave a dinner at noon today entertaining Mr. Scott K. Snively of Sheridan, Wyo., Mrs. W. T. Garrett and Miss Jennie Garrett. Mr. Snively is a former resident of Nodaway county and is spending a few days here visiting old friends.

Rebekah Lodge to Meet.

Alert Rebekah lodge No. 209, will meet in regular session at the I. O. O. F. hall, every first and third Thursday evenings in the month at eight o'clock. There is urgent business to be transacted at the meeting tomorrow night and all members are urged to be present.

Society Sponsors Show.

Division A., of the Ladies Aid Society of the First Christian church will sponsor the presentation of "The Pursuit of Polly" at the Empire theatre Thursday night. The picture star the irresistible Billie Burke and the proceeds of the ticket sale go toward the benefit of the society's work.

Shows New Luncheon Set.

Stenciled oil cloth luncheon sets are the newest things in table service which are being shown by one of the local stores. They are very popular and pretty as well as being mighty economical particularly now that linen is so expensive. One of the latest Maryville brides received one of these sets and purchased an inexpensive set of China of corresponding pattern for daily use.

Mrs. Westbrook Here.

Mrs. W. M. Westbrook and small daughter, MaryMargaret, of Marshall, Mo., arrived in Maryville last night to visit her mother, Mrs. Mary Jones, who is ill at St. Francis hospital. While here they will be the guests of the J. W. Toel and John Wesley Herren families. Mrs. Jones has been at the hospital several weeks but is not in a critical condition and has been improving of late. Her sister, Mrs. Sophia Jones of Oklahoma is also visiting the Maryville relatives.

Men Not Incorsiderate.

Since reading the letter of protest from Maryville working girls against the violation of the eight hour labor law for women, the men think the girls are inclined to join the Bolsheviki and become Reds. But the women can't really say the men are inconsiderate for there is now on the market the lady-sized lawn mower and a local hardware store has a full supply. The perfect American husband will probably see that the handle is painted to match his wife's garden dress.

Entertains Mary Lawrence Circle.

Mrs. Milton K. Garrett and Miss Virginia Rose entertained the Mary Lawrence Circle last night at the Garrett home on East Fourth street. The program hour was in charge of Miss Gertrude Condon and the numbers were given by Miss Opal Key, Miss Verna Crosby, Miss Thella Hogue, Miss Edna Robinson and Miss Neva Key, with musical numbers by Miss Gertrude Wright. Following the program hour a luncheon was served by the hostesses Miss Jennie Garrett was a visitor at the meeting.

Returns From Grant City.

Mrs. A. J. Anderson of West Second street, has returned from Grant City, where she has been spending several weeks with her brother-in-law, L. M. Phipps and family. Mr. Phipps has been very ill ut is now recovering.

A marriage license was issued today by Recorder Baker to Thomas A. Magarell of Omaha and Esther M. Conrad of Omaha.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one of two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Sugar Maples in Missouri.

Jefferson City, April 16.—The 30,000 sugar maple trees in Missouri, which were tapped this spring, produced 9,500 pounds of maple sugar and 7,500 gallons of maple syrup.

This was not a spring for sugar maple sap, since there was not much weather in February, 1919, when it was freezing at night and thawing in the day time. Not over 90 per cent of the usual production was made this year.

In the first half of the tapping season the sap boils into sugar, but in the last half maple sap can not be reduced to granulated form, and for that reason it is necessary to make sirup.

Sugar maple groves or "camps" have become valuable property, owing to the increased price of maple sugar and syrup, Missouri now being unable to produce more than a fraction of the state's demand.

License Bill for Vending Machines.

Jefferson City, April 16.—The house has sent to engrossment the vending machine license bill, which it is expected will raise from $50,000 to $150,000 a year revenue. The bill imposes a license fee of from $1 to $15 on each automatic vending machine, depending on the number of slots. An amendment offered by Representative Shouse of Shelley county to exempt cigar vending machines was beaten.

ORIGIN OF MEDICINES

The agents employed for the treatment of disease are taken from the three kingdoms of nature, the vegetable animal and mineral. Most medical substances are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor unitl it is now recognized as the standard remedy for female ills.—Adv.

To Live at Hastings.

Mrs. G. R. Cornelius will leave Friday night for Hastings, Neb., to join Mr. Cornelius and they will make their home in future at Hastings. Mr. Cornelius was released from military service a few weeks ago and Mrs. Cornelius has been visiting her father. John Murrin, until her husband settled his business plans.

Medical Society to Hold Meeting.

The regular monthly meeting of the Nodaway County Medical Society will be held at 7:30 next Friday night at the Physicians building.

Head or chest—are best treated "externally" with

VICK'S VAPORUB

"YOUR BODYGUARD" - 30¢. 60¢. $1.20

SERVICES AT GRAHAM CIRCUIT.

Thursday night. The picture stars the

Resumed After Several Months.

Services were held last Sunday at the Graham, Mt. Zion and Centenary Methodist churches conducted by the pastor Rev. Rollie Poe. There was a large attendance at all services. At the Mt. Zion and Centenary churches, which have been closed for several months on account of bad roads and weather, the Sunday school officers were elected and work started with enthusiasm.

Services will be held next Sunday at 11 o'clock at Swan chapel, Sunday school at Mt. Zion at 2 o'clock p. m. and at Graham at 8 o'clock in the evening when Easter exercises will be given by the Sunday School.

MORE JOBS THAN APPLICANTS.

St. Louis, April 14.—The employment situation, which recently produced more applicants than available jobs, has reversed itself and there are now not enough applicants for the jobs to be filled here, officials of the U. S. Free Employment Bureau for returning soldiers, sailors, and marines, announce.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorders in the stomach and digestion. Prickly Ash Bitters is a man's remedy for such ailments. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of the heart symptoms and builds up a strong and vigorous body. Price $1.25 per bottle. —Maryville Drug Co., Spcial Agents—Adv.

Dr. H. L. Stinson Home.

Dr. H. L. Stinson returned this morning from St. Louis where he attended the annual convention of the Missouri State Dental Association. Dr. Jesse Miller and Dr. E. C. Braniger, who also attend the convention will return tomorrow morning.

Gives Graduating Address.

H. P. Swinehart of the State Normal faculty, will deliver the graduating address before the Easton high school class at Easton Friday night.

BANQUET DR. H. J. WATERS

To Be Guest of Board of Directors of Commercial Club—To Study Agricultural System.

A banquet to be given in honor of Dr. Henry J. Waters, editor of the Weekly Kansas City Star, has been arranged for tomorrow night at the Bainum hotel by the Board of Directors of the Commercial Club.

Dr. Waters will be in Nodaway county several days for the purpose of studying the vitalized agricultural system taught in the rural schools of this county. He is one of the most prominent agricultural men in the United States, for a number of years being the head of the College of Agriculture of the University of Missouri, and later the president of the Kansas Agricultural College at Manhattan.

A person habitually constipated is a hining mark of disease. because his ystem is full of the impurities on which lisease germs thrive. Get rid of the habit quickly by taking Prickly Ash Bitters. It is stimulating and purgative emedy for men. Price $1.25 per bottle.—Maryville Drug Co., Special Agents —Adv.

Red Cross Nurses for Marine Hospitals

Attention of nurses expecting to be disenrolled from the military service, is directed toward the Marine hospitals under the United States Public Health Service. These hospitals are to be operated for the care of disabled soldiers, sailors ad marines, whose disability is the result of wounds or illness contracted during their period of military service. A number of army hospitals have been transferred to the Public Health Service for the care of these patients.

The Surgeon General of the United States Public Health Service has asked the Red Cross to supply the nursing personnel. Red Cross nurses, or nurses eligible for enrollment desiring this service should send their names to the Director of the Bureau of Field Nursing Service, American Red Cross, Washington, D. C.

The salary offered for general ward duty is $60 a month for the first month with an increase of $10 at the conclusion of that period. Beginning July first the increase will be $20 a month, making a salary of $80 for general ward duty. Quarters, subsistence and laundry are also provided.

There will also be a number of opportunities for Chief Nurse, and those skilled in X-ray and laboratory technicque for which additional pay will be given.

Inquiries for further information should be sent to the Director of the Bureau of Field Nursing Service, American Red Cross, Washington, D.C.

Millions of Catarrh Germs Afloat in the Air

Atmosphere is Laden With Germs of The Disease.

Every person afflicted with Catarrh releases millions of the tiny disease germs with every cough or sneeze, so that whenever on the street cars or street or other public place you see a person afflicted with this disease hawking and coughing and sneezing, everyone in their vicinity is exposed to the disease.

You along with everyone else will find yourself exposed to the germs of Catarrh several times every day. The germs multiply by the millions, and the air you breathe is thick with these tiny little disease demons that cause so much distress and suffering.

Catarrh is one of the most stubborn diseases, and is always worse in cold, damp and disagreeable weather. It should not, however, be considered incurable, though there are thousands afflicted with it who are doubtless ready to believe that a cure is impossible, because of their experience.

But like all other afflictions, the main trouble is that Catarrh is entirely misunderstood, and therefore treated in the wrong way. Because these little germ demons attack the delicate membranes of the nose and throat, choking up the air passages and irritating the tender lining of the nostrils and bronchial tubes, the average sufferer makes the mistake of treating merely the symptoms of the disease, and overlooks its cause.

You must realize that Catarrh is more than a mere local irritation that stops up your nose and irritates your throat and chokes up your breathing apparatus.

Your blood is saturated with Catarrh germs, and these will continue their irritating attacks as long as they remain in the blood.

The only sensible treatment, therefore, is the one which will rout the disease germs from the blood.

This is why the most satisfactory remedy for Catarrh is S. S. S., the famous old reliable blood purifier. S. S. S. has been used successfully for Catarrh for more than fifty years, and it is the one remedy that attacks the source of the disease, cleansing the blood thoroughly, and eliminating from it every trace of disease germs.

If you want a remedy that goes direct to the seat of the disease, begin to take S. S. S. to-day, and throw away your atomizers and other local treatment that cannot possibly reach your Catarrh. You will be delighted after giving this remedy a trial, and will soon find yourself on the road to a complete recovery. S. S. S. is sold by druggists everywhere.

Begin its use to-day, and write for free medical advice about your own individual case. Address Chief Medical Adviser, 103 Swift Laboratory, Atlanta, Ga.—(Adv.)

LEONARD EAR OIL

Relieves Deafness, Stops Head Noises

Nine out of ten cases of Deafness and Head Noises are caused by catarrhal muceous (matter) in the Eustachian Tube, which connects the nose and the ears. Leonard Ear Oil removes the muceous, opens up the tube and the other air passages of the head, and the result is improved Hearing and relief from Head Noises. It is not put in the ears, but is "Rubbed in Back of the Ears" and inserted in the nostrils, and "Common Sense Directions for Care of Hearing," which accompanies each bottle, tell you exactly how to take care of your own case. Do not be misled by substitutes or imitations. The only genuine "EAR OIL" is A. O. Leonard Ear Oil. It is the original and has been on the market since 1907, and every year it has relieved hundreds of people of their Ear Troubles. No matter how long you have been deaf, nor how deaf you are or what caused your deafness, or how many things you have already tried which have failed to relieve you, Leonard Ear Oil has relieved many such cases as your own. Why not you?

LEONARD EAR OIL AGENCY

A Testimonial That Has Been SWORN TO

11-13-18.

Dear Mr. Leonard—Having had my hearing completely restored by Leonard Ear Oil, I feel it an obligation to let you and others know what it has done for me. My deafness was caused by catarrh and I had been growing worse for years. I had become so deaf I was considering giving up my regular business because of my deafness. It was necessary for me to hear well in my regular work. After using less than two bottles of Leonard Ear Oil I hear as well as ever and am still on my job. Sincelely yours, JOSEPH A. STAFFORD, 531 West 145th St., New York City.

Subscribed and sworn to before me this 13th day of November, 1918. Joseph Braman, Notary Public No. 221, City and County of New York.

For sale in Maryville by Gaugh & Evans and Orear-Henry Drug Co. Proof of success will be given you by the above druggists.

Body Brought From Emerson, Iowa, This Morning.

Funeral services for Mrs. Dan Hodges of Clearmont, who died Sunday at the home of her daughter, Mrs. Lina Henderson of Emerson, Ia., were held at 11 o'clock today at the Baptist church of Clearmont. The interment was made in the Oak Hill cemetery at that place.

NOT YANKS THEY'RE "AMAROCS"

American Army of Occupation Now Indentified by Contraction.

Coblenz, April 16.—After several futile efforts of the inventor and discoverer of nicknames for American soldiers in the great war one has come into use here in reference to the 300,000 men that probably will stick. They are "Amarocs."

The name is simply a conbination of the first syllables of the principal words in the title "American Army of Occupation," and resembles the word Anzac and Waac used by the British. The nickname was coined by Third Army men, who shortly will begin the publication of a soldiers' daily paper. The whole area now is placarded with mysterious sounding advertisements concerning the "Amaroc."

Notice to Teachers.

Graham school board has positions open for the following teachers for the coming school year:

One English teacher with experience. Must have 10 hours credit and be qualified to teach four years of English. Must also teach one year of Ancient History and one year of M. and M. History. Salary $75.00 a month.

Two experienced rural teachers with irst grade certificates or better. Salary $65.00 a month.

Applicants must apply in person 15-17. GRAHAM SCHOOL BOARD.

The Back-Yard Orchard.

The back-yard orchard will make as valuable a return for the average family as does the vegetable garden itself. Everyone who puts out a garden can just as well be growing a small home orchard in it, according to Dr. J. C. Whitten, recently of the Missouri College of Agriculture, now of the University of California. The cultivation given the vegetables is just what is required by the young trees.

Select apples, cherries, plums, pears and peaches of varieties that will furnish a succession from the Early Richmond cherry (which ripens in May) to the late-keeping apples like Ingram and Lansingburg, which keep until the following May. Plant one or more trees of a variety according to the room you have to fill.

Apple trees in such a little back orchard should be planted 24 to 30 feet apart. Two-year-old trees should be selected for planting. The trees may be planted either in fall or the spring. They should be set just about as deep as they stood in the nursery. As soon as they are planted the tops should be pruned back somewhat, especially cutting out center branches.

Fruit trees should be given as thorough cultivation as corn or vegetables, at least until they reach bearing age. Any kind of garden vegetables or other small fruits, may be grown between the tree rows but any crop will rob the orchard soil of some of its plant food and fertility. If a rank growing crop like corn grows higher than the trees one row should be left one, preferably north and south, so that trees will not be shaded when not yet well established. Low growing vegetables or berries may be planted as close to the trees as desired.

SPANISH WAR VETERANS TO MEET

St. Louis, April 14—Missourians who fought in the Spanish-American war, will gather here to attend the annual Muster Day ceremonies on April 21.

National Debt is $25,000,000,000

In a letter written by Secretary of he Treasury, Carter Glass, to Senator William M. Calder of New York, Mr. Glass points out that the national debt is less than $25,000,000,000. He says that when all war debts are met it should not exceed $30,000,000,000, against which are held foreign obligations of about $10,000,000,000.

Although the national expenditures reached a maximum of $2,000,000,000 a month shortly after the armistice, they would, after the war bills had been paid, shrink to not more than $2,000,000,000 a year.

As an indication of the nation's ability to meet any crisis, Mr. Glass says one of the regular bi-weekly offerings of the Treasury certificates of indebtedness carrying four and one-half per cent interest, was omitted because the sales proceeded recently in such large amounts, and, Mr. Glass further states, that with the wealth of the country estimated at $235,000,000,000, he is warranted to assume an optomistic view of the Victory Liberty Loan and the future of the country.

Prosperity Waits on Loan.

The peace we have won must be financed, just as the war had to be financed. War contracts were made by the Government. Not all of them had been filled when peace came. What was the result?

Here is a suggestion for a good dry mash: 3 parts by weight of corn meal and 1 part beef scrap. Still another ration may be made up of 1 pound of wheat bran, 1 pound of wheat middlings, 6½ pounds of beef scraps and 16½ pounds of corn meal.

Green Stuff for Hens.

When the open range is not available and hens must be confined, poultry specialists of the United States Department of Agriculture recommend the division of the hen yard into two lots, so that green stuff may be grown on one side while the other patch is being grazed. As soon as the green feed is two to three inches high, the hens may be turned on it, while the other lot may be spaded up and sown again. This plan provides plenty of green feed throughout the year for the average back-yard flock.

The green crops should be suited to local conditions, those suggested below being adapted to moderate climatic conditions. For the extreme North or South the planting dates should be modified. Thickly sown crops furnish succulent feed and summer shade. From April 1 to July 1 on growing yard—oats, chard, or lettuce, clover or vetch, sunflowers, cowpeas, and rape may be grown. For feeding purposes on yard two—winter rye, winter vetch, sweet clover may be grown, as well as crimson clover in the latitude of New Jersey and south.

From July 1 to October 1 the oats, chard and lettuce, clover or vetch, cowpeas and rape on yard one may be fed, while buckwheat, dwarf Essex rape and flat turnips are grown on yard two. From October 1 to April 1 the growing crops on yard one should consist of oats, winter rye, winter vetch, sweet clover, and crimson clover, while at the same time in feeding yard two buckwheat, dwarf Essex rape, flat turnips and soy beans are grown.

CHURCH AND STATE SEPARATE.

Cleveland, Ohio, April 14.—Separation of the Russian church and state was completed here recently by the formation of the Russian Orthodox Church of North America and the election as its first archbishop of Rev. Alexander of New York. Heretofore choice of the archbishop has been in the hands of the Russian government. The action here was taken by the general council of priests and laymen.

A FORMER RESIDENT IS DEAD

Body of Mrs. A. C. Hopkins To Be Brought Here for Burial Tomorrow—Died at Kalamazoo, Mich.

The body of Mrs. A. C. Hopkins who died Sunday at her home in Kalamazoo, Mich., will arrive in Maryville and will be taken to Oak Hill cemetery for burial. No funeral service will be held except at the cemetery.

Mrs. Hopkins is the widow of Almyron C. Hopkins and the family lived in this city for several years and previous to that time at Burlington Junction. Mrs. Hopkins leaves two children, Mrs. Herman Kester of Kalamazoo and Charles Hopkins of Kansas. Mrs. Hopkins had been making her home with the Kesters. Mr. Hopkins and Mr. Kester arrived in Maryville today to make arrangements for the burial. While here they are guests at the home of Mr. and Mrs. F. M. Compton. Mrs. Kester will accompany the body.

Loafers Not Wanted.

To secure maximum production from our farms it is necessary to have a large supply of efficient labor. Farmers demand men who have had farm experience and who know how to do farm work. Farmers do not want men who are now loafing in the cities and are unfit for work. They are not willing to turn over valuable horses and machinery to be overworked and injured by careless, worthless fellows who seek the farm more as a place to get good meals and a bed than to render service.

Let our Want Ads. do your selling.

In The Spring-Time.

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from colds or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

Atchison, Kans.—"Some years ago when my boy was about four years old his face broke out on one side in a circular form with a rough, red eruption. My sister advised me to give him Dr. Pierce's Golden Medical Discovery and the one bottle was all I found necessary to give him to completely clear his skin."—*Mrs. C. W. Smith, 1025 Oak St.*

TWO ARE SENTENCED

"RED" HENDERSON GIVEN THREE YEARS—DEMPSEY TWO YEARS

TO JEFF. CITY TONIGHT

Henderson Attempts Duplication of of Jail Break—Foiled by Arrival of Sheriff Dowden.

"Red" Henderson pleaded guilty to a charge of stealing fifty chickens before Judge Dawson in the Circuit Court this morning and was sentenced to three years in the State penitentiary at Jefferson City. Harry Dempsey also appeared before the court this morning and after entering a plea of guilty to a charge of stealing a hog, was sentenced to two years in prison. Sheriff Dowden will leave tonight for Jefferson City with the two prisoners in custody.

Henderson has been in trouble several times before and it is said that he has already served one sentence in the penitentiary. He was arrested last April 7, on complaint of Rolla N. Bancroft near Clearmont, and was chased over three miles by Howard Bancroft and William Crigger before he was finally captured by Mr. Crigger. He was lodged in the County jail and recently was one of the members of the group which made a spectacular escape from the jail.

When sentence was passed this morning by Judge Dawson, he made the announcement that both men could shorten their terms at the penitentiary by good conduct and behavior.

Since his escape over a week ago through a hole in the side of the jail wall, a close watch has been kept on Henderson by the sheriff, and he has been kept in one of the inner cells of the jail. This morning, however, he made another attempt at gaining his freedom. Sheriff Dowden had left the jail with Dempsey for the court house, and was almost out of the front door when he had occasion to return to the cell room. There he found "Red" with a heavy piece of timber, attempting to pry open the door.

When arraigned in court this morning, Henderson alleged that he had paid for a part of the chickens and that he had won the other share in a "crap" game.

Prosecuting Attorney McCaffrey accompanied Sheriff Dowden to Jefferson City this afternoon with Henderson and Dempsey.

TAX LEVY FOR TOWNSHIP

10 Cents for Township Expenses and 25 Cents for Road and Bridge Purposes Made.

The township board in session this year's taxes. They figure it will take $15,000 to defray the township expenses and a 10 cent levy on the $100 assessed valuation for this purpose and a 25 cent levy for road and bridge purposes were made. This is the same levy as heretofore.

The new township tractor purchased last week is here and was unloaded today.

PASSES REDISTRICTING BILL

Gentry and Worth Counties Would Be Added to the Fourth and Plattte County Taken Out.

Jefferson City, April 16.—The redistricting bills were passed by the House of Representatives last night. These bills will now go to the Senate.

According to the provisions of the congressional bill, Worth and Gentry counties would be added to the congressional district Nodaway county is in and Platte County would be taken out.

Spoke at Normal School Assembly.

G. L. Wilfley, head of the Farmers Trust Company, and recently elected president of the Commercial Club, spoke at the annual student assembly at the State Normal Shcool yesterday morning on the "Origin and History of the Banking Business."

In his talk Mr. Wilfley gave a detailed description of the development of the present banking system in the United States.

FIRST VICTORY LOAN MEET

Executive Committee to Hold Initial Session Here Friday.—Headquarters in This City.

Charles E. Donlin, chairman of the Victory Loan Committee, has called a meeting of the executive committee for 1 o'clock Friday afternoon at the Commercial Club rooms in this city. Frazer L. Ford of St. Joseph, district chairman of this district will be present and also O. P. Newberry, representing the Federal Reserve Bank of Kansas City will be in attendance.

The members of the executive committee have not yet been announced by Dr. Donlin.

George A. Pickens, secretary of the Commercial Club, announced today that Chairman Donlin has selected the Commercial Club rooms in this city as the headquarters of the drive for Nodaway county.

Financial men declare the new issue to be the most attractive government investment ever offered the people. One banker said yesterday, "The new bonds furnish an opportunity for people to start a savings account with the strongest institution in the world, the United States, and at the same time draw 4 3-4 per cent interest. If any sounder, safer or more satisfactory method of saving money exists, I'd like to know what it is."

Banks are advising the government's payment plan to the public. This plan calls for payment in full on or before May 20, or 10 per cent with application or or before May 10; 10 per cent July 15, 20 per cent August 12, 20 per cent October 7 and the final payment of 20 per cent November 11, with accrued interest on deferred payments.

By paying as above the banks will not be called on for money which will be needed in moving crops and holding up other commercial pursuits. It will keep funds at home where they can be used for the benefit of commercial activities.

MANY GOOD BILLS

FOR IMPROVING FARM LIFE CONDITIONS UP AT JEFFERSON CITY

SOME OF THEM WILL PASS

Judge James of Andrew County Writes Efforts Should Be Made to See That Bills Are Adopted.

Judge W. K. James of Andrew county writes as follows of the various bills now before the State Legislature for improving conditions of farm life:

Much good legislation for improving conditions of farm life in Missouri is about to be consummated at Jefferson City.

Somewhat extended notice of some of the bills have been given but a brief outline is now added:

H. B. 719 is in constitutional form, enabling County Courts to make appropriations for County Agents.

Committee Subsitute for S. B. 433 is known as the Seed Bill and affords protection to Missouri farmers from inferior seed shipped from other states having laws against bad seed.

Bureau of Markets Bill (H. B. 651) empowers State Board of Agriculture to administer a Bureau that shall investigate the marketing of farm products, advise and assist producer and consumer in economical methods of marketing, gather and diffuse information regarding supply, demand, prices and movement of farm products and generally to cooperate with Federal Government and Agricultural College in such matters. Committee Substitute for H. B. 845 provides for Missouri farmers forming Cooperative Associations that have proved so satisfactory in adjoining and neighboring states already having such laws. H. B. 759 is known as the Statistical Law and requires assessors to get data of Crop Acreages, Yields, Live Stock and other Rural Life Statistics.

County Fair Bill (H. B. 930) provides for state aid of 30 per cent of first $1,000 in premiums and also of 30 per cent of premiums in excess of $1,000 if county also appropriates like 30 per cent of such excess.

Hay Inspection Bill H. B. 199.

Children's Code Bills recommended by House and Senate Committees; New Road Bill (Commitee Substitute for H. B. 772 to 884.) which widens scope of the Hawes Bill and permits more general distribution of Federal and State aid in construction of roads in all counties of the state.

H. B. 871 is called County Unit School Bill, whose provisions have been given

(Continued on page 2)

BOY SCOUTS TO AID

CAMPAIGN INAUGURATED LAST NIGHT FOR "CLEAN-UP" WEEK

SUGGESTED BY HOLDEN

Commercial Club Will Give Support to Plan—Offers Cash Prizes to Workers.

Prof. P. G. Holden, who is making a study of the system of vitalized agriculture taught in the Nodaway county schools, spoke before a meeting of the Boy Scout organization last night following the dinner at the Bainum, and as a result of his address, a new organization has been formed among the boys to help in the "clean-up" campaign, and also in the elimination of the house-fly, and other well known carriers of disease. The support of the Commercial Club to the movement was shown by the offering of three cash prizes by Secretary Pickens, totaling $10, for the boys who do the best work in the campaign.

Prof. Holden's talk to the boys was of an informal nature, in which he gathered his audience about him and held a heart to heart discussion and frequently called upon his hearers to answer questions. Prof. Holden related instances from his own boyhood days and impressed upon the youngsters the great idea of "self will" and "slf control." "Every boy in this room can be somebody and make his mark in the world," he said, "if he sets a certain standard for himself and continually strives for that standard."

He then told of the work which the Boy Scouts can do in the betterment of the community, and urged upon the members the importance of making their town clean. He spoke of the present "clean-up" campaign which has been proclaimed by the Mayor, and offered to help the work by lending charts and slides, which illustrate the proper means of eliminating the house-fly, this insect he said being one of the greatest carriers of disease of the present time.

At the suggestion of Prof. Holden, the work of combatting the fly, through the clearing up of manure piles and other breeding places for the insect, was inagurated, and three prizes totaling $10, was offered by George Pickens, secretary of the Commercial Club, for the Boy Scouts who do the most efficient work in the "clean-up."

Superintendent of public schools, J. M. McDonald, and Bert Cooper, head of the County organization, both made short talks in which they announced that the work of the campaign would start immediately and asked the cooperation of the boys in making it a success.

Prof. Holden told of similar campaigns made by the children of Chicago and other large cities, and spoke of the wonderful results which were accomplished in the fight against disease.

Prof. Holden made a tour of the county this morning in which he continued his study of the agricultural system in Nodaway county. He etuned to Maryville late this afternoon, and will leave tonight for Indianapolis, Ind.

ARE TO GET IMCREASED PAY

Governor Gardner Approves Salary Bill of Circuit Judges, Raising Their Salary $1,500.

Judge John M. Dawson returned last night from Jefferson City, where he was called by Governor Gardner to discuss the merits of the house bill, now in the hands of the chief executive, increasing the salaries of thirty-two judges in various parts of the state from $3,200 to $4,700.

Governor Gardner last night signed the bill on the ground that the increase is not too much for any man qualified to be a circuit judge. The only hesitancy the governor has in signing the bill is a fear that the legislature will not appropriate enough revenue to meet the demands of the state government and that he may have to pare down many appropriations to make both ends meet.

The only circuit judges not affected by the bill are those in Kansas City, St. Louis, St. Joseph, Jasper, Greene and St. Louis counties.

Spend Easter Here.

Mrs. Paul H. Sawyers and son, Paul Harold of St. Joseph, arrived in Maryville yesterday to visit until after Easter with Mrs. Sawyers' parents, Mr. and Mrs. J. F. Roelofson. Mr. Sawyers will join his family here Saturday.

MRS. THOMAS IS CHAIRMAN

Mrs. D. J. Thomas has been appointed chairman of the Women's committee of the Victory Liberty loan campaign for Nodaway county.

Mrs. Thomas' appointment came through Mrs. Albert Bates of Kansas City, state chairman of the Missouri women organization. Mrs. Thomas will at once appoint her sub committees and associate workers and start the work. All over the country the women have been organized for this campaign and are doing everything to boost the loan.

ADDRESS BY HOLDEN

NOTED EDUCATOR GUEST OF THE COMMERCIAL CLUB LAST NIGHT

"KEEP MOVING"---ADVICE

Speaks of Plans for Development of Maryville—Urges Meeting of the Farmer Half Way.

Twenty-three members of the Commercial Club and business men of Maryville attended the dinner given in honor of Prof. P. G. Holden of Chicago, last night at the Bainum.

Prof. Holden is the national representative of the Educational Department of the International Harvester Company and stated at the dinner last night that he was sent to Maryville and Nodaway county by the state of South Dakota to investigate the system of agriculture taught in the rural schools of this county with a view to applying these principles in the rural schools in that state.

"No other state has done so much in rural schools," said Prof. Holden, "as Missouri, and I am not saying it in the spirit of flattery, for I am here for another purpose. I did not come to talk but to see and learn of the things being done in your county for agriculture in the rural schools.

"As I go about from place to place endeavoring to spread the gospel of agriculture and better farms and better homes, I now and then come across a type of fellow who says that he hasn't time to bother with these new fangled ideas. Then I invariably ask him if he has any children and if they are worth bothering about. To which he answers that they are. Then I seek to impress upon his mind that anything worth having is worth bothering about. The first thing that ought to bother us most is humanity. We ought to interest ourselves in interesting humanity to produce better food and better places in which to live.

"One of the best ways in which to build up your town is to meet the farmer half way and better and when you give him any benefits give it without any strings attached to it. Because when you give without strings you are always more than repaid. But when you give with strings the good returns are dead before the gift is made.

"Another way to build a better town is to interest the boys in doing somethings worth while. You ought to have a Junior Commercial Club in this town. You fathers in business give your boy a share of stock in your company and teach him the principles of business. Don't repress him but give him a chance to develop his energies in right channels.

"Keep away from the idea that when you reach a certain age that your are going to retire and take things easy. When you reach that age you will become dissatisfied anl find that it is worthless. Keep going until you quit—that is when you are dead. The retired farmer moves to town to die cheap. He votes against any improvements that will build up the town. He is against any improvements in a town that requires the expenditure of money and thus puts your town on the standstill. Keep moving. Don't become satisfied with your present lot."

Prof. Holden said he was pleased with our mayor's proclamation—especially the thought of "own-your-own home" slogan. He pointed out that the chief cause of Russia's fall was because the bulk of the people did not own their own homes. On the other hand 80 per cent of the French people owned their homes and were willing to die to maintain them. He said the real test of a patriot is now. "The need of patriots is now because society and governments are reshaping themselves," he said. "and a country without staunch patriots at such a time as this threatens itself upon the rocks of disaster."

ELECTS CLUB HEAD

MRS. ARTHUR ALLEN BREWER PRESIDENT OF 20TH CENTURY

BEGIN FOURTEENTH YEAR

Shakespeare Department Will Change to Study of Drama—Club Presents $50 to Scholarship Fund.

Mrs. Arthur Allen Brewer was elected president of the Twentieth Century club, at a meeting held yesterday afternoon at the Elks club for the purpose of choosing the club heads for the coming year.

The other executive officers chosen were Mrs. M. J. Alderman, first vice president, Mrs. J. C. Allender, second vice president, Mrs. C. C. Hellmers, recording secretary, Mrs. C. D. Bellows, corresponding secretary, Mrs. L. G. Crossan, treasurer, Mrs. W. O. Garrett, custodian and Ms. G. B. Holmes auditor.

An important feature of the session was the decision of the club to give $50 to the Phoebe J. Ess scolarship loan fund. The purpose and work of the fund was fully explained by Mrs. M. G. Tate. This fund, called after Mrs. Henry N. Ess of Kansas City, was introduced into the state federation at the Springfield convention in 1909 and it is a work of which every club woman in the state is justly proud. The work is state wide and it provides a fund for Missouri girls who need financial help to secure a higher education. It is loaned free from interest and is paid back by the girl when she becomes self supporting. Mrs. Tate made an excellent talk and told of her acquaintance with one girl who had received help, and of what an inestimable benefit it was to her.

Mrs. Tate is president of the first district and a member of the state executive board and is a delegate to the bi-ennial convention at St. Louis which opens May 6, and she will have the pleasure of presenting the Maryville club women's gift at this convention.

New Members Received

Five new members were received yesterday, Mrs. S. E. Dadis, reinstated, Mrs. G. B. Holmes, Jr., Mrs. E. B. Wood ward, Mrs. R. H. Duncan and Miss Mary Edna Guinn.

The club is starting in the fourteenth year of its existence and the coming season is one of the most significant because of the new work planned and also the resumption of many activities which have been held back during the war period. The Shakespeare department will change from its study of the writings of Shakespeare to the study of dramas and the program as planned is one intensely interesting.

To Study Drama.

The dramas to be studied are "Strife" Galsworthy; "What Every Woman Knows," Barrie; "The Witching Hour," Augustus Thomas; "A Maker of Dreams" Jerome; and the dramatic side of "Madame Butterfly." The season's study will open with a lecture on "Hamlet" and the club will present two playlets during the year "The Rise of Jennie Smith," the prize winning play of the Drama League of America, given in January, and "The Pierrot of the Minute" to be given in April. The officers of the Shakespeare department are Mrs. D. J. Thomas, chairman, Mrs. Lawrence Ogden, vice chairman and Mrs. Elmer Fraser secretary-treasurer. The Tourist division will continue their study of "South America" which will be the second year's programs on this topic.

To Give Benefit Movie.

The Arts and Craft department will continue reed work this year. The officers for this and the Tourist departments will be elected at the next department meeting. The installation of the new officers takes place on May 16. Mrs. Brewer as president succeeds Mrs. Lawrence Belden Ogden, who was elected to the place as Miss Ruth Montgomery and her marriage to Mr. Ogden took place shortly after the reassembling of the club last fall.

The club is arranging for amovie presentation to be given some time the last of the month for the benefit of the scholarship fund.

FURNISH CLUB ROOMS

Fred P. Robinson Presents Billard Table to Methodist Young Meen.

The rooms of the Young Men's club of the First Methodist church are being fitted up this week ready for occupancy. The rooms are on the floor above the Aldermaan-Yehle store on West Third street.

F. P. Robinson has presented the club with a billard table which was placed in the rooms yesterday.

SCHOOLS REMAIN SEPARATE

Arbitration Committee Decides Against Consolidation of Elmo and Cottonwood Districts.

An arbitration committee composed of L. C. Cook, Lawrence Frazee, Prof. G. H. Colbert and Albert Watson, which was selected by Superintendent of County Schools Bert Cooper to decide whether or not the Elmo and Cottonwood school districts should consolidate, decided late yesterday afternoon that the two districts should remain separate.

At the annual school election held April 1, the matter was brought to a vote in the two districts. At Elmo it was voted to annex the Cottonwood district, while at the latter place the voters decided that they did not want the consolidation. Considerable controversy resulted over the question, with the subsequent hearing yesterday before the arbitration committee.

BARNARD H. S. EXERCISES

Dr. Cox of Maryville, to Give the Class Day Address—Baccalaureate Sermon Sunday Night.

Dr. G. S. Cox of this city, will give the commencement address to the graduating class of the Barnard high school next Wednesday evening, April 23. The program of the exercises of the Barnard high school was announced today by Superintendent C. F. Ross of the schools of that town.

The Baccalaureate sermon will be preached by the Rev. W. M. Wetzel pastor of the Barnard M. E. Church, South, at the M. E. Church, North, Sunday night.

The class play will be given at the opera house Friday night, April 18. The title of it is Professor Pepp.

The class day program and commencement will be combined into one program which will be held at the opera house on next Wednesday night. The following is the program for that night:

Music—Orchestra.
March—Mrs. Claude Roelofson.
Invocation.
Salutatory—Wilber Williams.
Oration—"Tousaint L' Overture," Claude Thompson.
Vocal Solo—Mrs. R. L. Bridges.
Class Will—Mary Rasco.
Song—Double Quartet.
Class Prophecy—Mildred Barnes.
Oration—"A Tribute to Our Honored Dead." Jesse Kling.
Valedictory—Dale Goforth.
Class Address—Rev. Gilbert S. Cox.
Presentation of Diplomas—Dr. M. M. Pollard, president of School Board.
Music, Orchestra.
Benediction.

Barnard is working upon a plan whereby they may add to their present course of high school work another year, thus making them a first class high school. Prof. C. F. Ross has been re-elected to head the schools for the next year.

THE ALLIES BOMBARD ODESSA

National Strike Threatened in Denmark After Easter—Reign of Anarchy Continues in Munich.

London, April 16.—An Allied fleet is bombarding Odessa, sand an Exchange Telegraph of Athens dispatch today.

London, April 16.—A national strike is threatened in Denmark after Easter according to an Exchange Telegraph Copenhagen dispatch.

Copenhagen, April 16.—The government troops are bombarding the railway station in which a number of armed Spartacides are barricaded. The reign of anarchy continues in Munich, and there is much looting. Many armed citizens have been killed by the Spartacides.

TO RAILROAD MEETING

W. E. Goforth Summoned to Burlington Official Conference.

W. E. Goforth, agent of the Burlington in this city was called to Creston, Ia., today to attend a conference of Burlington officials and agents of the Creston branch.

TREATY NEXT WEEK

LLOYD GEORGE SAYS POWERS HAVE COMPLETE UNDERSTANDING

THE PERILS STILL REMAIN

Italy Threatens to Secede From Conference if Fiume Demands Are Refused by Associated Powers.

Paris, April 16.—An invitation to the Germans to the interpence conference was written by President Wilson and dispatched to Weimar last night.

London, April 16.—"The representatives of the great powers have arrived at a complete understanding on the fundamental questio nof peace and by the end of next week, I hope the treaty will be presented to Germany," said Premier Lloyd George addressing the House of Commons this afternoon.

"We are faced with a complete break-up of the three ancient empires—Russia, Turkey, and Austria" said the Premier," ten new states have been born and the boundaries of fourteen have been recast, every continent has been effected. The world would like a rest but the journey is not yet ended. There are still perils. The premier referred to the difficulties arising in the smaller states saying that they nearly produced inter-Allied conflicts. "It is untrue that the United States and Europe are at variance" continued the Premier. They unanimously decided not to publish the terms before they were discussed. I would rather have a good peace than a good press. I would rather leave Russia to the Bolsheviki until we see our way out, than see Great Britain in bankruptcy" he continued, it would be easy to invade but difficult to conquer. This house would be surprised to learn the number of men necessary for intervention—it would be the greatest act of stupidity." The Premier openly spoke with Lord Northcliffe, in his speech attacking the newspaper proprietor and accused him of being afflicted with the disease of vanity.

Paris, April 16.—Premier Orlando of Italy in discussing the Adriatic claims with President Wilson told the latter the situation in Italy is such that his government would be overturned immediately unless Italy gets Fiume. The Italian government at Rome would be succeeded by one which would make cession of Fiume its chief policy, according to Orlando.

The Italians are standing firm on the past of London and are demanding that the British keep their pledge made in that document.

It is reported the Italians will ask permission to retire from the conference to make their own peace with Austria if Allies and associated powers vote to down the demand for Fiume.

The Adriatic situation is rapidly becoming as complicated as the French-Rhine claims. The Italians are greatly worked up over opposition to their claims.

Amsterdam, April 16.—There was a defiant note in the message which President Ebert of Germany has just addressed to the National Assembly at Weimar, according to extracts of it received here today from Berlin. The President approved the pronouncements of assemblymen for a "peace of conciliation" and the rejection of any treaty sacrificing German interests.

K. C. BANK ROBBED OF $800.

Kansas City, April 16.—A lone bandit robbed the Southwest Bank, at Thirty-first and Prospect streets, here this afternoon and escaped with eight hundred dollars in cash.

C. W. Butler was called to LaHarpe, Ill., yesterday by the serious illness of his mother, Mrs. Harriett Sears.

DID HER A WORLD OF GOOD, SHE SAYS

Mrs. Moore Was So Weak She Could Hardly Get up—Health Restored by Tanlac.

"I feel so well now that I can hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore, of 943 S. Wellington street, Memphis, Tenn.

"I had been in a rundown condition for two years," she continued, and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so lifeless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headaches that would almost drive me distracted.

"My appetite picked up on my first bottle of Tanlac and I am now eating three hearty meals a day, those awful headaches are gone and I am feeling just fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley.—Adv.

MANY HOUSE BILLS REMAIN

600 Bills Not Yet Acted Upon—Resolution Adopted Limiting Debate to 30 Minutes.

Jefferson City, April 16.—Senate and house have begun a race against time to act on nearly 600 bills that are now on the calendar of the two chambers awaiting final passage and which must be passed by April 18. There are 274 of these bills in the house and 328 in the senate. Under a rule adopted by both houses neither will consider bills from the other house after April 18.

This leaves three days in which to consider and pass 600 bills. Even if the two houses met day and night and transacted no other business it could not be done. Fifteen bills a day is about the limit.

Neither house kept its schedule last week, in spite of the fact that the house held a session every night. The senate disregarded conditions and adjourned from Friday until Monday afternoon.

The legislature can not possibly conclude its session before May 15, and even then scores of bills must remain unacted on.

The house calendar shows besides 301 bills awaiting final passage, in the house, forty-six awaiting engrossment, of those awaiting final passage, 27 are senate bills. There are sixty-five house bills in the senate awaiting final passage, 217 awaiting engrossment, twenty awaiting second reading and fourteen awaiting first reading.

The house, on motion of Republican Floor Leader Dyott, has adopted a resolution to limit debate on all bills up for final passage to thirty minutes. The five-minute rule will be enforced against each speaker.

MANY GOOD BILLS

(Continued from page 1)

before. Its main features are first, all property throughout the county, outside of cities and towns, is assessed at the same rate; and, second, is administered by a County Board of Education of five persons elected by the people at the county school election in April from a list of persons nominated by different municipal townships by petition of majority of voters in the respective townships; only one member of the Board can be chosen from any one township. Local school districts are much larger than as now provided and have more than one school house—school houses are under control of the District Directors. The County Superintendent and all teachers are apointed by the County School Board.

H. B. 991 is the County Free Library Bill which was noticed at length in Circular No. 3.

Most of these bills have passed the House and gone to the Senate.

It is impossible in a few words to describe how active certain business interests have become in oposing this legislation by trying to make it appear to the members of the senate that there is no large sentiment back of these bills. Action in the next few days is necessary. It is hoped that all persons reading these circulars and interested in any of the bills that have been reported in previous circulars will busy themselves immediately by taking whatever measures deemed advisable to make an impression upon the members of the senate that the farmers of the State are really backing these bills.

Resolutions by those county farm bureaus that have not already sent in resolutions; letters by Presidents of County Farm Bureaus of Officers in similar Associations in the counties, addressed to the Farm Bureau Legislative Agent at Jefferson City or to Hon. George W. Glick, Chairman of the Agricultural Committee of the Senate, or Hon. W. Joe Allee, Chairman of the Agricultural Committee of the House of Representatives; or letters from leading stock raisers or prominent farmers in any part of the State addressed to the Farm Bureau Legislative Agent or the Chairman of one of these Agricultural Committees; favorable notice of these bills in county newspapers, emphasizing how important their passage is in promoting the agricultural interests of the State; or other means of impressing the members of the Senate of the desirability that these bills shall become laws—such measures of influencing the Senate, that that body may be convinced that these bills are really backed by the intelligent and progressive sentiment of the country generally, are highly important and should be resorted to at once. These communications will be laid before the Agricultural Committee of the Senate or other senators interested in agricultural matters, so that when the Business Interests make their fight the Senate will be duly informed of what is the real sentiment of the farming people.

About two thousand bills have been introduced in the Legislature and it is easily appreciated by any one that there must be great confusion in the latter part of the session in the final scramble of many legislators to have their own individual bills enacted into laws. It is therefore highly important that the evidence should be strong and unequivocal in the hands of competent friends when these different measures are brought up for final decision. If the bills recommended by the Executive Committee of the Missouri Farm Bureau Association and many other associations of farmers in the state, are enacted into law, it will be the biggest boost for country life that Missouri has witnessed for many, many years. One canot be too earnest in his appeal that all persons interested in these measures shall act promptly in writing pointedly and emphatically along the lines above suggested.

Never have so many representatives of the farm life been in the legislature working in concert and with so much intelligence for improved legislation. What is now especially needed, is that their efforts in the legislature should have strong backing from their constituents throughout the state. When the senate is convinced that the large vote in the house in favor of these measures was representative of the strong sentiment at home throughout the state, there will be no doubt of the senate passing these bills. The members of that body are desirous of passing the laws they believe the people really want.

Respectfully submitted,
W. K. JAMES.

You can keep your stomach strong, owels regular and kidneys active by sing Prickly Ash Bitters. It is a necssary condition to maintain the health f the body. Price $1.25 per bottle—aryville Drug Co., Special Agents—dv.

INVEST INTEREST IN STAMPS.

Return on Fourth Liberty Bonds Would Yield 30 Million by 1924.

Washington, April 16.—Re-investment in war savings stamps of the 150 million dollars which holders of the fourth Liberty Loan bonds will receive today as interest, has been urged by the savings division of the Treasury. It was pointed out that if this sum were invested in war savings stamps at once it would be redeemable in 1924 at a profit to investors of more than 30 million dollars.

500 Dentists Attend State Meet.

St. Louis, April 16.—Five hundred dentists are attending the fifty-fourth annual meeting of the Missouri State Dental Association, here which convened monday. The meeting will adjourn today.

Several prominent speakers, including Mayor Kiel and John W. Withers, superintendent of education of the St. Louis public schools, spoke at the opening meeting.

Guests at Stiwalts.

G. R. Lollin of Wantaca, Wis., is visiting in Maryville with his daughter, Mrs. W. W. Stiwalt and family. Mr. Lollin is accompanied by his grandson, Robert Saxton.

Send Flowers for Easter

Our Potted Plant Specialty for this Easter is a lot of about 1500 Geraniums, beautiful white, salmon, red and pinks in bloom, just right for Easter. Large Plants $1.00 to $2.50 each. Regular 4 inch pots 25c each. Use the geraniums over Easter and later plant them out in the flower beds or porch boxes, etc. Geraniums are the economical flower to purchase for your Easter plants. We also have a nice selection of Tulips, Daffodils, Hyacinths, Hydranges, Lillies, Ferns, etc., without which no Easter would be complete and which also make such appropriate gifts. In fresh cut flowers our Easter preparations include the choicest roses, carnations, tulips, daffodils, lillies, Sweet Peas, Snapdragon, etc., and nothing is more appropriate at Easter time than a box of these nice flowers in appropriate assortment. Boxes of Easter flowers from $1.00 up. No extra charges for Easter cards. Prompt delivery, etc. As members of the florists Telegraph Delivery Association, we can guarantee prompt deliveries of fresh flowers most anywhere in the U. S. and Canada, at no extra charge excepting telegram or phone. If it is a message of love, sympathy, appreciation, or an Easter Greeting "Say it With Flowers."

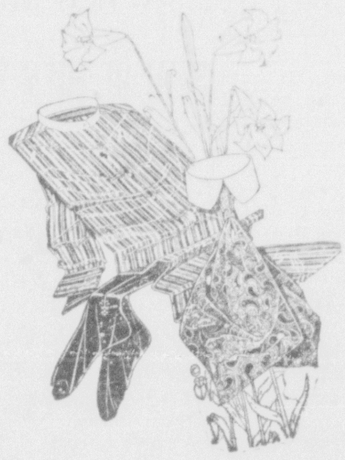
Society Brand Clothes

Men who once wear our clothes are never completely satisfied with anything else. Because, there is the snappy up-to-date style, the splendid quality and the beautiful tailoring that are always characteristic of SOCIETY BRAND Suits.



High-grade shirts for Spring. Featuring only the quality product of the leading shirt makers of America.

An extensive and varied exhibition of fine shirts, and they are splendid values. Other furnishings, also, for the good dresser.

Spring Suits

THE new Spring styles have taken possession in our Clothing Department and the fellows have apparently been on the lookout for them. That they have not been disappointed is very evident in the enthusiasm with which the new models have been received.

IT'S not surprising, either, for there is something unusually attractive about the new fabrics in their tones of blue, green and brown, and while it is different, there is an equally strong appeal in the new fancy suits in tans, brown mixtures, green effects and grays.

SOCIETY *and* CLUBLAND

By KATE SCHENCK

PHONES—OFFICE 42. HOME 683

Royal Neighbors Meet Postponed.

The regular meeting of the Royal Neighbors lodge which was to have been held tomorrow afternoon has been postponed until Thursday afternoon of next week.

Entertains Bridge Club.

Mrs. Oliver K. Bovard entertained the Wednesday Afternoon Bridge club this afternoon at her home on West First street. Mrs. S. S. Oakford of St. Joseph, the house guest of Mrs. D. J. Thomas, was a complimentary guest of the afternoon.

"B. I. L.'s" to Entertain in P. E. O.'s.

The "B. I. L." meaning the husbands and friends of the members of the P. E. O. chapter are to entertain the chapter with a banquet at 7 o'clock Friday night at the Linville Hotel. The entertainment feature to follow the dinner is being kept a secret.

Entertains Old Friend at Dinner.

Mayor W. O. Garrett and Mrs. Garrett gave a dinner at noon today entertaining Mr. Scott K. Snively of Sheridan, Wyo., Mrs. W. T. Garrett and Miss Jennie Garrett. Mr. Snively is a former resident of Nodaway county and is spending a few days here visiting old friends.

Rebekah Lodge to Meet.

Alert Rebekah lodge No. 209, will meet in regular session at the I. O. O. F. hall, every first and third Thursday evenings in the month at eight o'clock. There is urgent business to be transacted at the meeting tomorrow night and all members are urged to be present.

Society Sponsors Show.

Division A., of the Ladies Aid Society of the First Christian church will sponsor the presentation of "The Pursuit of Polly" at the Empire theatre Thursday night. The picture star the irresistible Billie Burke and the proceeds of the ticket sale go toward the benefit of the society's work.

Shows New Luncheon Set.

Stenciled oil cloth luncheon sets are the newest things in table service which are being shown by one of the local stores. They are very popular and pretty as well as being mighty economical particularly now that linen is so expensive. One of the latest Maryville brides received one of these sets and purchased an inexpensive set of China of corresponding pattern for daily use.

Mrs. Westbrook Here.

Mrs. W. M. Westbrook and small daughter, MaryMargaret, of Marshall, Mo., arrived in Maryville last night to visit her mother, Mrs. Mary Jones, who is ill at St. Francis hospital. While here they will be the guests of the J. W. Toel and John Wesley Herren families. Mrs. Jones has been at the hospital several weeks but is not in a critical condition and has been improving of late. Her sister, Mrs. Sophia Jones of Oklahoma is also visiting the Maryville relatives.

Men Not Incorsiderate.

Since reading the letter of protest from Maryville working girls against the violation of the eight hour labor law for women, the men think the girls are inclined to join the Bolsheviki and become Reds. But the women can't really say the men are inconsiderate for there is now on the market the lady-sized lawn mower and a local hardware store has a full supply. The perfect American husband will probably see that the handle is painted to match his wife's garden dress.

Entertains Mary Lawrence Circle.

Mrs. Milton K. Garrett and Miss Virginia Rose entertained the Mary Lawrence Circle last night at the Garrett home on East Fourth street. The program hour was in charge of Miss Gertrude Condon and the numbers were given by Miss Opal Key, Miss Verna Crosby, Miss Thella Hogue, Miss Edna Robinson and Miss Neva Key, with musical numbers by Miss Gertrude Wright. Following the program hour a luncheon was served by the hostesses Miss Jennie Garrett was a visitor at the meeting.

Returns From Grant City.

Mrs. A. J. Anderson of West Second street, has returned from Grant City, where she has been spending several weeks with her brother-in-law, L. M. Phipps and family. Mr. Phipps has been very ill ut is now recovering.

A marriage license was issued today by Recorder Baker to Thomas A. Magarell of Omaha and Esther M. Conrad of Omaha.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Sugar Maples in Missouri.

Jefferson City, April 16.—The 30,000 sugar maple trees in Missouri, which were tapped this spring, produced 9,500 pounds of maple sugar and 7,500 gallons of maple syrup.

This was not a spring for sugar maple sap, since there was not much weather in February, 1919, when it was freezing at night and thawing in the day time. Not over 90 per cent of the usual production was made this year.

In the first half of the tapping season the sap boils into sugar, but in the last half maple sap can not be reduced to granulated form, and for that reason it is necessary to make sirup.

Sugar maple groves or "camps" have become valuable property, owing to the increased price of maple sugar and syrup, Missouri now being unable to produce more than a fraction of the state's demand.

License Bill for Vending Machines.

Jefferson City, April 16.—The house has sent to engrossment the vending machine license bill, which it is expected will raise from $50,000 to $150,000 a year revenue. The bill imposes a license fee of from $1 to $15 on each automatic vending machine, depending on the number of slots. An amendment offered by Representative Shouse of Shelley county to exempt cigar vending machines was beaten.

ORIGIN OF MEDICINES

The agents employed for the treatment of disease are taken from the three kingdoms of nature, the vegetable animal and mineral. Most medical substances are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor uniti it is now recognized as the standard remedy for female ills.—Adv.

To Live at Hastings.

Mrs. G. R. Cornelius will leave Friday night for Hastings, Neb., to join Mr. Cornelius and they will make their home in future at Hastings. Mr. Cornelius was released from military service a few weeks ago and Mrs. Cornelius has been visiting her father. John Murrin, until her husband settled his business plans.

Medical Society to Hold Meeting.

The regular monthly meeting of the Nodaway County Medical Society will be held at 7:30 next Friday night at the Physicians building.

COLDS

Head or chest—are best treated "externally" with

VICK'S VAPORUB

"YOUR BODYGUARD" - 30¢, 60¢, $1.20

SERVICES AT GRAHAM CIRCUIT.

Thursday night. The picture stars the

Resumed After Several Months.

Services were held last Sunday at the Graham, Mt. Zion and Centenary Methodist churches conducted by the pastor Rev. Rollie Poe. There was a large attendance at all services. At the Mt. Zion and Centenary churches, which have been closed for several months on account of bad roads and weather, the Sunday school officers were elected and work started with enthusiasm.

Services will be held next Sunday at 11 o'clock at Swan chapel, Sunday school at Mt. Zion at 2 o'clock p. m. and at Graham at 8 o'clock in the evening when Easter exercises will be given by the Sunday School.

MORE JOBS THAN APPLICANTS.

St. Louis, April 14.—The employment situation, which recently produced more applicants than available jobs, has reversed itself and there are now not enough applicants for the jobs to be filled here, officials of the U. S. Free Employment Bureau for returning soldiers, sailors, and marines, announce.

Nervous fluttering or palpitation of the heart does not indicate heart disease, generally it means disorders in the stomach and digestion. Prickly Ash Bitters is a man's remedy for such ailments. It cleanses, strengthens and regulates the stomach, liver and bowels, removes the cause of the heart symptoms and builds up a strong and vigorous body. Price $1.25 per bottle.—Maryville Drug Co., Spcial Agents—Adv.

Dr. H. L. Stinson Home.

Dr. H. L. Stinson returned this morning from St. Louis where he attended the annual convention of the Missouri State Dental Association. Dr. Jesse Miller and Dr. E. C. Braniger, who also attend the convention will return tomorrow morning.

Gives Graduating Address.

H. P. Swinehart of the State Normal faculty, will deliver the graduating address before the Easton high school class at Easton Friday night.

BANQUET DR. H. J. WATERS

To Be Guest of Board of Directors of Commercial Club—To Study Agricultural System.

A banquet to be given in honor of Dr. Henry J. Waters, editor of the Weekly Kansas City Star, has been arranged for tomorrow night at the Bainum hotel by the Board of Directors of the Commercial Club.

Dr. Waters will be in Nodaway county several days for the purpose of studying the vitalized agricultural system taught in the rural schools of this county. He is one of the most prominent agricultural men in the United States, for a number of years being the head of the College of Agriculture of the University of Missouri, and later the president of the Kansas Agricultural College at Manhattan.

A person habitually constipated is a hining mark of disease because his ystem is full of the impurities on which lisease germs thrive. Get rid of the habit quickly by taking Prickly Ash Bitters. It is stimulating and purgative emedy for men. Price $1.25 per bottle.—Maryville Drug Co., Special Agents—Adv.

Red Cross Nurses for Marine Hospitals

Attention of nurses expecting to be disenrolled from the military service, is directed toward the Marine hospitals under the United States Public Health Service. These hospitals are to be operated for the care of disabled soldiers, sailors ad marines, whose disability is the result of wounds or illness contracted during their period of military service. A number of army hospitals have been transferred to the Public Health Service for the care of these patients.

The Surgeon General of the United States Public Health Service has asked the Red Cross to supply the nursing personnel. Red Cross nurses, or nurses eligible for enrollment desiring this service should send their names to the Director of the Bureau of Field Nursing Service, American Red Cross, Washington, D. C.

The salary offered for general ward duty is $60 a month for the first month with an increase of $10 at the conclusion of that period. Beginning July first the increase will be $20 a month, making a salary of $80 for general ward duty. Quarters, subsistence and laundry are also provided.

There will also be a number of opportunities for Chief Nurse, and those skilled in X-ray and laboratory technicque for which additional pay will be given.

Inquiries for further information should be sent to the Director of the Bureau of Field Nursing Service, American Red Cross, Washington, D.C.

Trade Mark

LEONARD

EAR OIL

Relieves Deafness, Stops Head Noises

Nine out of ten cases of Deafness and Head Noises are caused by catarrhal muceous (matter) in the Eustachian Tube, which connects the nose and the ears. Leonard Ear Oil removes the muceous, opens up the tube and the other air passages of the head, and the result is improved Hearing and relief from Head Noises. It is not put in the ears, but is "Rubbed in Back of the Ears" and inserted in the nostrils, and "Common Sense Directions for Care of Hearing," which accompanies each bottle, tell you exactly how to take care of your own case. Do not be misled by substitutes or imitations. The only genuine "EAR OIL" is A. O. Leonard Ear Oil. It is the original and has been on the market since 1907, and every year it has relieved hundreds of people of their Ear Troubles. No matter how long you have been deaf, nor how deaf you are or what caused your deafness, or how many things you have already tried which have failed to relieve you, Leonard Ear Oil has relieved many such cases as your own. Why not you!

LEONARD EAR OIL AGENCY

A Testimonial That Has Been SWORN TO

11-13-18.

Dear Mr. Leonard—Having had my hearing completely restored by Leonard Ear Oil, I feel it an obligation to let you and others know what it has done for me. My deafness was caused by catarrh and I had been growing worse for years. I had become so deaf I was considering giving up my regular business because of my deafness. It was necessary for me to hear well in my regular work. After using less than two bottles of Leonard Ear Oil I hear as well as ever and am still on my job. Sincerely yours, JOSEPH A. STAFFORD, 581 West 145th St., New York City.

Subscribed and sworn to before me this 13th day of November, 1918. Joseph Braman, Notary Public No. 221, City and County of New York.

For sale in Maryville by Gaugh & Evans and Orear-Henry Drug Co. Proof of success will be given you by the above druggists.

This Signature on Yellow Box and on Bottle.

A. O. Leonard

Manufacturer, 70 Fifth Ave., New York City.

Millions of Catarrh Germs Afloat in the Air

Atmosphere is Laden With Germs of The Disease.

Every person afflicted with Catarrh releases millions of the tiny disease germs with every cough or sneeze, so that whenever on the street cars or street or other public place you see a person afflicted with this disease hawking and coughing and sneezing, everyone in their vicinity is exposed to the disease.

You along with everyone else will find yourself exposed to the germs of Catarrh several times every day. The germs multiply by the millions, and the air you breathe is thick with these tiny little disease demons that cause so much distress and suffering.

Catarrh is one of the most stubborn diseases, and is always worse in cold, damp and disagreeable weather. It should not, however, be considered incurable, though there are thousands afflicted with it who are doubtless ready to believe that a cure is impossible, because of their experience.

But like all other afflictions, the main trouble is that Catarrh is entirely misunderstood, and therefore treated in the wrong way. Because these little germ demons attack the delicate membranes of the nose and throat, choking up the air passages and irritating the tender lining of the nostrils and bronchial tubes, the average sufferer makes the mistake of treating merely the symptoms of the disease, and overlooks its cause.

You must realize that Catarrh is more than a mere local irritation that stops up your nose and irritates your throat and chokes up your breathing apparatus.

Your blood is saturated with Catarrh germs, and these will continue their irritating attacks as long as they remain in the blood.

The only sensible treatment, therefore, is the one which will rout the disease germs from the blood.

This is why the most satisfactory remedy for Catarrh is S. S. S., the famous old reliable blood purifier. S. S. S. has been used successfully for Catarrh for more than fifty years, and it is the one remedy that attacks the source of the disease, cleansing the blood thoroughly, and eliminating from it every trace of disease germs.

If you want a remedy that goes direct to the seat of the disease, begin to take S. S. S. to-day, and throw away your atomizers and other local treatment that cannot possibly reach your Catarrh. You will be delighted after giving this remedy a trial, and will soon find yourself on the road to a complete recovery. S. S. S. is sold by druggists everywhere.

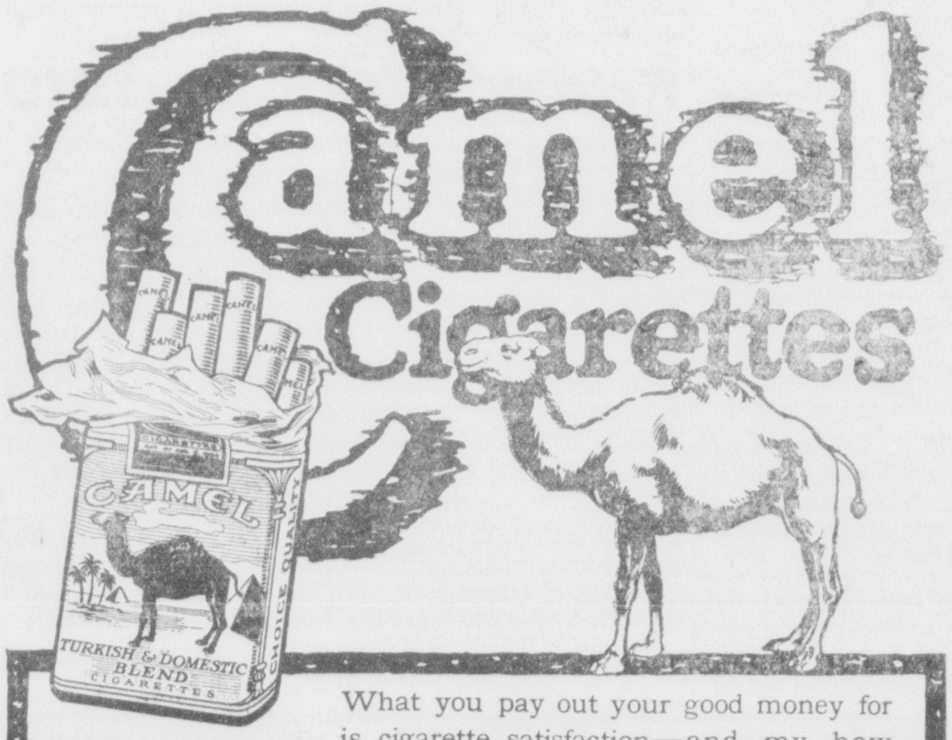
Begin its use to-day, and write for free medical advice about your own individual case. Address Chief Medical Adviser, 103 Swift Laboratory, Atlanta, Ga.—(Adv.)

The moment that scientists discover a new remedy or appliance we put it in our drug store. This is why so many physicians advise you to get your medicines and drug store things from us. They know.

When you buy your medicines and drug store things from us and use them, you too, will KNOW they are right.

Gaugh & Evans

Camel Cigarettes



18 cents a package

What you pay out your good money for is cigarette satisfaction—and, my, how you do get it in every puff of Camels!

EXPERTLY blended choice Turkish and choice Domestic tobaccos in Camel cigarettes eliminate bite and free them from any unpleasant cigaretty aftertaste or unpleasant cigaretty odor.

STUDENT FROM EGYPT TO M. U.

Columbia, April 14.—Dr. Guy L. Noyes of the School of Medicine of the University of Missouri received a registered letter with a $10 bill recently from Moh. Hamid El-Driny of Abbasia, Cario, Egypt, with the request that a medical textbook and some instruments be sent him. He is an assistant in a hospital for the insane in Abbasia. Moh. Hamid El-Driny will attend the University of Missouri next fall if he succeeds in booking passage on a steamer.

HODGES FUNERAL TODAY.

Body Brought From Emerson, Iowa, This Morning.

Funeral services for Mrs. Dan Hodges of Clearmont, who died Sunday at the home of her daughter, Mrs. Lina Henderson of Emerson, Ia., were held at 11 o'clock today at the Baptist church of Clearmont. The interment was made in the Oak Hill cemetery at that place.

JOT YANKS THEY'RE "AMAROCS"

American Army of Occupation Now Indentified by Contraction.

Coblenz, April 16.—After several futile efforts of the inventor and discoverer of nicknames for American soldiers in the great war one has come into use here in reference to the 300,000 men that probably will stick. They are "Amarocs."

The name is simply a conbination of the first syllables of the principal words in the title "American Army of Occupation," and resembles the word Anzac and Waac used by the British. The nickname was coined by Third Army men, who shortly will begin the publication of a soldiers' daily paper. The whole area now is placarded with mysterious sounding advertisements concerning the "Amaroc."

Notice to Teachers.

Graham school board has positions open for the following teachers for the coming school year:

One English teacher with experience. Must have 10 hours credit and be qualified to teach four years of English. Must also teach one year of Ancient History and one year of M. and M. History. Salary $75.00 a month.

Two experienced rural teachers with irst grade certificates or better. Salary $65.00 a month.

Applicants must apply in person 15-17. GRAHAM SCHOOL BOARD.

The Back-Yard Orchard.

The back-yard orchard will make as valuable a return for the average family as does the vegetable garden itself. Everyone who puts out a garden can just as well be growing a small home orchard in it, according to Dr. J. C. Whitten, recently of the Missouri College of Agriculture, now of the University of California. The cultivation given the vegetables is just what is required by the young trees.

Select apples, cherries, plums, pears and peaches of varieties that will furnish a succession from the Early Richmond cherry (which ripens in May) to the late-keeping apples like Ingram and Lansingburg, which keep until the following May. Plant one or more trees of a variety according to the room you have to fill.

Apple trees in such a little back orchard should be planted 24 to 30 feet apart. Two-year-old trees should be selected for planting. The trees may be planted either in fall or the spring. They should be set just about as deep as they stood in the nursery. As soon as they are planted the tops should be pruned back somewhat, especially cutting out center branches.

Fruit trees should be given as thorough cultivation as corn or vegetables, at least until they reach bearing age. Any kind of garden vegetables or other small fruits, may be grown between the tree rows but any crop will rob the orchard soil of some of its plant food and fertility. If a rank growing crop like corn grows higher than the trees one row should be left one, preferably north and south, so that trees will not be shaded when not yet well established. Low growing vegetables or berries may be planted as close to the trees as desired.

SPANISH WAR VETERANS TO MEET

St. Louis, April 14—Missourians who fought in the Spanish-American war, will gather here to attend the annual Muster Day ceremonies on April 21.

National Debt is $25,000,000,000

In a letter written by Secretary of he Treasury, Carter Glass, to Senator William M. Calder of New York, Mr. Glass points out that the national debt is less than $25,000,000,000. He says that when all war debts are met it should not exceed $30,000,000,000, against which are held foreign obligations of about $10,000,000,000.

Although the national expenditures reached a maximum of $2,000,000,000 a month shortly after the armistice, they would, after the war bills had been paid, shrink to not more than $2,000,000,000 a year.

As an indication of the nation's ability to meet any crisis, Mr. Glass says one of the regular bi-weekly offerings of the Treasury certificates of indebtedness carrying four and one-half per cent interest, was omitted because the sales proceeded recently in such large amounts, and, Mr. Glass further states, that with the wealth of the country estimated at $235,000,000,000, he is warranted to assume an optomistic view of the Victory Liberty Loan and the future of the country.

Prosperity Waits on Loan.

The peace we have won must be financed, just as the war had to be financed. War contracts were made by the Government. Not all of them had been filled when peace came. What was the result?

Here is a suggestion for a good dry mash: 3 parts by weight of corn meal and 1 part beef scrap. Still another ration may be made up of 1 pound of wheat bran, 1 pound of wheat middlings, 6½ pounds of beef scraps and 16½ pounds of corn meal.

In The Spring-Time.

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from colds or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

Atchison, Kans.—"Some years ago when my boy was about four years old his face broke out on one side in a circular form with a rough, red eruption. My sister advised me to give him Dr. Pierce's Golden Medical Discovery and the one bottle was all I found necessary to give him to completely clear his skin."—*Mrs. C. W. Smith, 1025 Oak St.*

Green Stuff for Hens.

When the open range is not available and hens must be confined, poultry specialists of the United States Department of Agriculture recommend the division of the hen yard into two lots, so that green stuff may be grown on one side while the other patch is being grazed. As soon as the green feed is two to three inches high, the hens may be turned on it, while the other lot may be spaded up and sown again. This plan provides plenty of green feed throughout the year for the average back-yard flock.

The green crops should be suited to local conditions, those suggested below being adapted to moderate climatic conditions. For the extreme North or South the planting dates should be modified. Thickly sown crops furnish succulent feed and summer shade. From April 1 to July 1 on growing yard—oats, chard, or lettuce, clover or vetch, sunflowers, cowpeas, and rape may be grown. For feeding purposes on yard two—winter rye, winter vetch, sweet clover may be grown, as well as crimson clover in the latitude of New Jersey and south.

From July 1 to October 1 the oats, chard and lettuce, clover or vetch, cowpeas and rape on yard one may be fed, while buckwheat, dwarf Essex rape and flat turnips are grown on yard two. From October 1 to April 1 the growing crops on yard one should consist of oats, winter rye, winter vetch, sweet clover, and crimson clover, while at the same time in feeding yard two buckwheat, dwarf Essex rape, flat turnips and soy beans are grown.

CHURCH AND STATE SEPARATE.

Cleveland, Ohio, April 14.—Separation of the Russian church and state was completed here recently by the formation of the Russian Orthodox Church of North America and the election as its first archbishop of Rev. Alexander of New York. Heretofore choice of the archbishop has been in the hands of the Russian government. The action here was taken by the general council of priests and laymen.

A FORMER RESIDENT IS DEAD

Body of Mrs. A. C. Hopkins To Be Brought Here for Burial Tomorrow—Died at Kalamazoo, Mich.

The body of Mrs. A. C. Hopkins who died Sunday at her home in Kalamazoo, Mich., will arrive in Maryville and will be taken to Oak Hill cemetery for burial. No funeral service will be held except at the cemetery.

Mrs. Hopkins is the widow of Almyron C. Hopkins and the family lived in this city for several years and previous to that time at Burlington Junction. Mrs. Hopkins leaves two children, Mrs. Herman Kester of Kalamazoo and Charles Hopkins of Kansas. Mrs. Hopkins had been making her home with the Kesters. Mr. Hopkins and Mr. Kester arrived in Maryville today to make arrangements for the burial. While here they are guests at the home of Mr. and Mrs. F. M. Compton. Mrs. Kester will accompany the body.

Loafers Not Wanted.

To secure maximum production from our farms it is necessary to have a large supply of efficient labor. Farmers demand men who have had farm experience and who know how to do farm work. Farmers do not want men who are now loafing in the cities and are unfit for work. They are not willing to turn over valuable horses and machinery to be overworked and injured by careless, worthless fellows who seek the farm more as a place to get good meals and a bed than to render service.

Let our Want Ads. do your selling.

If in need of Glasses call on an exclusive Doctor of Optics, who is competent. JOHN LE GRAND BAKER is Maryville's exclusive efficient Doctor of Optics. 2 blocks west of Postoffice.
